**The following changes to the tender documents are effective immediately. This amendment will form part of the contract documents. All other terms and conditions remain unchanged.**

---

Amendment 001 is issued for the following:

**A. Project Title replacement**  
**B. Bidder Question & Answer**

---

**A. Project Title is changed as follows:**

1. DELETE project title "Canada Day Staging Services"
  - and;
  2. REPLACE with project title "***Canada Day Stage Rental and Installation***"
- 

**B. QUESTION & ANSWER**

**QUESTION 1:**

There is a unit that matches most of the requirements but the production area floors is not exactly what is described. I'd like to have an approval of the unit so I can work on a proposal for you.

**ANSWER 1:**

Bid as per specification – refer to section 7.2

---

**QUESTION 2:**

Our flooring system meets all of your requirements (150psf, etc.) since it has been built to exceed the building code needs but they are single layer since there is a structure that holds it and there is no hole involved. I just want to see if you will accept it as it is since it will have a major impact on the cost to double the whole floor that already meets your requirements.

**ANSWER 2:**

Acceptable flooring surface must consist of two (2) layers, the top layer laid offset to the bottom layer, of 19mmplywood, the top layer being good one side (G1S) or Industry standard stage type flooring Systems, with one (1) layer of 19mmplywood G1S. Holes and sections of flooring will be cut out/removed to allow for Production needs.
