## AMENDMENT 001

The purpose of this amendment is to publish questions and answers regarding this request.

### Questions and Answers

Q1: Do we need to include 1 or 3 computers in our bid?

A1: Not specified. Both options are acceptable.

Q2: Regarding the infrared probe, we only have one option that meets the required temperature range of -80°C à 300°C, which is inserted by a bottom valve into a reactor. Is it what you are asking for?

A2: Yes.

Q3 : The 3 probes must be insert into the reactor, but you didn't specify any entries available, therefore I'm not able to offer the appropriate adapter. Could you please specify the diameter and the threads of the ports of the reactor?

A3: We do not have a reactor so this must be included in your bid if required.

Q4 : Regarding the Basis of Payment (Annex B), under which item should we include the installation fees?

A4 : The installation is not included as part of this requirement as the client will take care of it.

Q5: The 3 probes have a one-year warranty. Would you like to have an extended warranty of 2 or 3 years?

A5: We ask for a warranty period of 12 months after delivery and acceptance of the Work or the length of the Contractor's or manufacturer's standard warranty period, whichever is longer. See General conditions 2010A, clause 9 "Warranty".
