Amendment #001 to Solicitation No. 5K002-171295/A is raised to address the following:

Questions and Answers:

- Q1:** Compliance Matrix Item #2: Our scoop is made in Canada and uses a durable plastic sampling cup/scoop attached to a high strength Aluminum handle with a grip and end stop. We meet all the other requirements aside from the single molded piece of plastic, will our bid still be accepted?
- A1:** No, the handle, grip and scoop must be made of a single molded piece of plastic.
- Q2:** For the sample provided do you want the sticker included? If so, can you please send us the artwork?
- A2:** If a sticker is used for the logo, it may be a generic sample to demonstrate the adhesion and print qualities per the specifications. The logos will be provided to the Contractor after contract award.
- Q3:** Compliance Matrix Item #2.6: Our standard handle is 1.97 cm (3/4") with the hand grip section at 2.5 cm (1"). Is this acceptable?
- A3:** No, the handle must not be less than 2.5 cm in diameter and no more than 4.0 cm in diameter.

All other terms and conditions remain the same.
