1. In section 8.3 c) there is mention of reimbursement for authorized travel and living expenses. Is this only for meetings with the National Capital Region with the client, or is there any expectation that the contractor would travel to the bridge sites (Cornwall, PEI, Montreal)? If so, how often would this happen during the contracting period?	1. The contractor is NOT expected to travel to the bridge sites. Only teleconference calls to discuss project progress and one half-day workshop at NRC to present the results are expected.
