Occupational Health Professional Services

Question 5

I am writing to determine clarification of the RFSO for Occupational Health Professional Services with respect to Functional Ability Evaluations for Fitness to Work Evaluations. I am interested in providing services under the new RFSO for Occupational Health Professional Physicians doing FAEs however; I do not see reference to the provision of FAEs under this RFSO. Would you be able to clarify if FAEs are part of the RFSO?

Answer 5

If there are services that a Bidder offers that falls under the type of services that may be required for Occupational Health Professional Services in the RFSO, we welcome the bidder to write those services in Annex D Documents for bid submission under Financial Bid Document by adding a new service (hand writing) for the appropriate Stream.

Question 6

I do not have Commercial General Liability Insurance. Please advise if this is required in order to be acceptable?

Answer 6

The Commercial General Liability Insurance is only required for organizations or clinics that own the space where the services are rendered.
