Q1. Are you willing to allow vendors to omit some of the requirements in Annex A or must we bid on all items to be compliant?

A1. All items must be included in the bid to be considered compliant.

Q2. Item 3 – will you accept front mounted flywheels as well? See below for explanation.

The requirement for rear mounted not only severely limits competition, it inhibits RCMP personnel from having access to the top quality brands. Some proponents of rear mounted flywheel indoor cycles cite the belief that it reduces rust/corrosion; however, these issues are attributable to overall bike design, flywheel treatment and preventative maintenance. The specification, as written, will exclude numerous companies from this process.

A2. Yes we will accept front mounted flywheels as well, on Item 3.
