To be considered further, proponents **must** achieve a minimum weighted rating of sixty (60) out of the hundred (100) points available for the rated technical criteria as specified above.

No further consideration will be given to proponents not achieving the pass mark of sixty (60) points.

SRE 4 PRICE OF SERVICES

All price proposal envelopes corresponding to responsive proposals which have achieved an overall pass mark of sixty per cent (60%) (sixty (60) points) will be opened upon completion of the technical evaluation.

To establish the Price Rating, each responsive bid will be prorated against the lowest evaluated price and the ratio of 30%.

The Price Rating is equal to the applicable percentage to establish the Price Score.

SRE 5 TOTAL SCORE

Total Scores will be established in accordance with the following:

Rating	Possible Range	% of Total Score	Score (Points)
Technical Rating	0 - 100	70	0 - 70
Price Rating	0 - 30	30	0 - 30
Total Score		100	0 - 100

The proposals will be ranked in order from the highest to the lowest using the total score (technical plus price). The proponents submitting the highest ranked proposals will be recommended for issuance of a standing offer. In the case of a tie, the Proponent submitting the lower price for the services will be selected.

Example:

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 70/30 ratio of technical and price, respectively. The total available technical points equals 80 and the lowest evaluated price is \$45,000 (45).

		Proponent 1	Proponent 2	Proponent 3
Overall Technical Score		72/80	50/80	65/80
Price Proposal		\$55,000.00	\$50,000.00	\$45,000.00
Calculations	Technical Rating	72/80 x 70 = 63	50/80 x 70 = 43.75	65/80 x 70 = 56.88
