1.1 REQUIRED INFORMATION

This section outlines the information Bidders are required to submit. To be declared responsive, a bid must:

- a. comply with all the requirements of the RFP;
- b. meet all the mandatory technical evaluation criteria;
- c. obtain the required minimum overall score for the technical evaluation criteria which are subject to a point rating.

Bids not meeting (a) or (b) or (c) will be declared non-responsive. An evaluation team comprised of representatives of Canada will evaluate the bids.

1.2 SUBMISSION OF THE BID

BID SENT BY EMAIL

You are invited to submit electronic copies in either official language (English or French) of both the Technical and Cost Proposals. The RFP Reference Number and the title of the Requirement must be in the subject line of your email and your proposal must be structured in accordance to section A12 – Bid Content on the cover page.

No price or cost information should appear in any other section of the bid. Failure to provide the Financial Bid in a separate attachment will render a bid non-responsive.

If the email including attachments is larger than 20mb, please submit your bid in separate emails to not exceed Public Health Agency of Canada's server limitation.

- 1.2.1 Bidders who submit a bid in response to this RFP agree to be bound by the instructions, clauses and conditions of the RFP and accept the terms and conditions of the resulting contract (see Appendix 1).
- 1.2.2 It is the Bidder's responsibility to obtain, if necessary, clarification of the requirements contained in the RFP and to prepare its bid in accordance with the instructions contained in the RFP. Enquiries must be submitted in writing to the Authority identified in A2 (RFP Authority) and in accordance with section A7 (Enquiries).
- 1.2.3 The RFP documents contain all the requirements relating to the bid solicitation. Any other information or documentation provided to or obtained by a Bidder from any other source is not relevant and not part of this RFP. Bidders should not assume that practices used under previous RFPs or contracts will continue, unless they are identified in the RFP. Bidders should also not assume that their existing capabilities meet the requirements of the RFP simply because they have met previous requirements.

1.6 SECURITY REQUIREMENTS

This RFP does not contain a Security Requirement.

SECTION II – BID EVALUATION PROCEDURES AND EVALUATION CRITERIA

2.1 BID EVALUATION PROCEDURES

2.1.1 The Technical Bid will first be evaluated against the mandatory technical criteria of the RFP. If the bid meets all the mandatory criteria, and the RFP contains point-rated criteria, the evaluation committee will then evaluate the point-rated technical criteria. If the mandatory technical criteria are not met, the point-rated technical criteria will not be evaluated and the bid will be given no further consideration.

2.1.2 Only technical bids that meet the mandatory technical criteria and the minimum score required in the point-rated technical criteria will be further evaluated against the mandatory financial criteria on the basis of the Bidder's Financial Bid.

2.1.3 Supplier Selection Method

Highest combined rating of technical merit and price

For each responsive bid, the technical merit score and the pricing score will be added to determine its total combined score. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract. If two (2) or more responsive bids have the same combined total score, the responsive bid with the lowest evaluated price will be recommended for contract award.

To determine the overall score obtained by a bidder, the following weighting will be used to establish the technical and financial score:

Technical weighting: 70%

Price weighting: 30%

Technical score =
$$\frac{\text{Bidder's technical points} \times 70\%}{\text{Maximum points}}$$

Financial score =
$$\frac{\text{Lowest priced bid} \times 30\%}{\text{Bidder's total evaluated price}}$$

Total score = Technical score + Financial score

NOTE: Bids for which the total evaluated bid price is 50% greater than the lowest price of all bids received will automatically receive a score of "0 points" for the financial score.

The following is an example that illustrates how this calculation would be made. The dollar figures shown are for the purposes of this example only; they do not suggest a desired price.

	Bid 1	Bid 2	Bid 3	Bid 4
Total evaluated price of each responsive bid	\$100,000.00	\$120,000.00	\$140,000.00	\$220,000.00

In the example above, bid 4 would receive “0 points” for its financial score as it exceeds the lowest priced bid by more than 50% ($\$100,000 + 50\% = \$150,000$).

2.2 EVALUATION CRITERIA

The evaluation of the following criteria is based on a “rules of evidence” approach in that the evaluation committee can only conduct its evaluation based on the contents of the Bidder’s bid. The onus is on the Bidder to ensure that its bid is complete, clear, and provides sufficient detail for the evaluation committee to evaluate the bid. Simply repeating or copying a statement contained in the RFP is not sufficient.

To facilitate the evaluation of the bid, Canada also requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraphs and page numbers where the subject topic has already been addressed.

For the purpose of the technical criteria specified below, the experience of the Bidder does not include the experience of the parent, subsidiaries or other affiliates of the Bidder, or its subcontractors.

2.2.1 Mandatory Criteria

The bid must meet the mandatory criteria set out below. The Bidder must provide the necessary documentation to support compliance. Bids which fail to meet the mandatory criteria will be declared non-responsive. Mandatory criteria are evaluated on a simple pass or fail basis. This will be evaluated as either a “Yes” or a “No.”

Where experience is required to be demonstrated, the experience may be demonstrated through one, or multiple, example projects that collectively meet the minimum years of experience stated.

Two, or more, example projects that run concurrently in the same calendar period will not be added to attain the minimum required number of years of experience. For evaluation, the period from the start date of the earliest project to the end date of the latest project will be counted. /

Examples that do not include the start date and, where applicable, the end date of each example project will not be evaluated.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before and after awarding of a contract). The RFP Authority will have the right to ask for additional information to verify Bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the RFP Authority for additional information will also render the Bid non-responsive.

5.3 CERTIFICATION OF EDUCATION, EXPERIENCE AND QUALIFICATIONS

The Bidder certifies that all statements made with respect to education and experience are true and that any person proposed by the Bidder to perform the Work or part of the Work is either an employee of the Bidder or under a written agreement to provide services to the Bidder.

5.5 FORMER PUBLIC SERVANT CERTIFICATION

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must be able to bear the closest public scrutiny, and reflect fairness in the spending of public funds. To comply with Treasury Board policies and directives on contracts with FPS, bidders must provide the information required below.

5.5.1 Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the *Financial Administration Act*, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c.P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c.S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c.C-17, the *Defence Services Pension Continuation Act*, 1970, c.D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c.R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c.R-11, the *Members of Parliament Retiring Allowances Act*, R.S., 1985, c.M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c.C-8.

5.6 JOINT VENTURE/PARTNERSHIP

A joint venture is not considered a "person" for registration purposes, whereas a partnership is. Therefore, a partnership can have a Procurement Business Number (PBN); a joint venture cannot. A joint venture is limited in scope; a partnership is generally an ongoing business relationship that exists between persons carrying on common business.

These documents may include, but not limited to, various NACI Statements, and various Canadian Immunization Guide(CIG) chapters.

1.3. Objectives of the Requirement

The objective of this Work is to provide technical editing of the French language version of NACI scientific guidance documents (statements and chapters of the Canadian Immunization Guide). The technical editing of the French language version of the NACI documents will ensure that the French language versions are consistent with the English language versions of the same documents and that they are consistent across the French language versions of other NACI products. The final deliverables will be posted on PHAC’s website for the public.

1.4. Background and Specific Scope of the Requirement

The NACI documents will be posted on PHAC’s website (<https://www.canada.ca/en/public-health/services/immunization/national-advisory-committee-on-immunization-naci.html>), in both English and French, for use by both medical professionals and the general public. When possible, the contractor will receive advance notice of when they can anticipate the documents to begin the work. There will be times where advance notice is not provided due to urgent timelines. Documents will be provided to the Contractor as email attachments in Word format. Before each NACI document is sent to the Contractor, the Project Authority and the Contractor will agree on a deadline for the Contractor to complete its technical editing of the NACI document.

The Contractor must confirm the return date of the finished work to the Project Authority by email upon receipt of the documents. The Contractor may complete the copy editing of a document ahead of the established return date. If the volume of the material to copy edit exceeds the determined timelines, the Contractor must consult with the Project Authority to determine a mutually agreeable return date. Should it not be possible to achieve a mutually agreeable return date the Project Authority reserves the right to complete the work through other means.

The Contractor must provide French language technical editing of the NACI documents on an “as and when required” basis. The technical editing will include a full comparative read against the NACI English language version of the document for content, accuracy, consistency, as well as correcting typos, spelling and basic grammar. It may also require some assessment for consistency with other French language versions of NACI products, if required [by the Project Authority].

The Contractor must inform the Project Authority of any errors, typos or inconsistencies identified in the NACI English language version of the document. The Contractor is not obligated to undertake a comprehensive proof-reading of the NACI English language version of the document.

2.2. Method and Source of Acceptance

All Work rendered under the Contract, including revisions, will be subject to approval by the Project Authority. Any communication with the Contractor regarding the quality of Work performed pursuant to the Contract must be undertaken by correspondence through the Project Authority.
