The purpose of this amendment is to answer questions from suppliers.

Q.1.

Technical specification, item 29: please confirm if telescopic rails are required for installation in the 19-inch rack, or are the analyzers mounted on plates.

A.1.

Mounting hardware such as telescopic rails or ears or plates and handles are not required.

Q.2.

Part 3.1: "Bid preparation Instructions": please confirm if all technical documents in support of our proposal, including manuals and Certificates can be furnished in electronic format, or do they need to be printed.

A.2.

As indicated in Part 3.1 – Bid Preparation Instructions, the bids and all the documents related must be printed.

Q.3

Optional requirements, Tables 2 & 3: Please confirm if we can use a methodology that would allow us to submit pricing for the optional items that would include provisions for exchange rate fluctuations.

A.3

Please refer to section 4.1.2 *Financial Evaluation* for further details on how the evaluation of price will be conducted. The following SACC manual clause is also included under article 3.1.2 - *Exchange Rate Fluctuation*:

C3011T – Exchange Rate Fluctuation

The requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
