This amendment is used to address solicitation 31970-180986/A as follows:

1) Questions and Answers

Question #1: Could you please confirm if you require multi-technology card reader or if the new card readers only need to be compatible with the HID iCLASS 2122 series cards?

Answer #1: Only compatible with HIDiClass 2122 series cards. This is the standard across the NRC and we must maintain continuity.

Question #2: With regards to the following statement:

“6.4.1 Delivery Date

The Contractor must make the complete delivery within three (3) weeks from the effective date of the Contract.”

Do you mean the equipment is to be delivered to site within three weeks? Or, are you meaning that the work must be completed in three weeks?

Answer #2: The completion period has been extended to four (4) weeks. Work must be completed in 4 weeks; completion, commissioning, and handover with drawings and material documents.

Question #3: How many Readers/Outputs/Inputs are supported per RRM?
(*Question #45 from AMD No. 002)

Answer #3: One reader per RRM.
