## **1 SECTION 1 GENERAL INFORMATION**

### **1.1 Overview of Section 1**

The purpose of this section is to provide general information about Canada Mortgage and Housing Corporation (CMHC) and this Request for Proposal (RFP). All capitalized terms in this document have the meaning ascribed to them within the RFP document, the draft agreement, or in certain cases, are terms that are in commonly usage at CMHC.

### **1.2 Introduction and Scope**

CMHC wishes to enter into an **Agreement** with a vendor(s) (hereafter referred to as the “proponent(s)”) for the purpose of assessing the impact of housing investments in Nunavut.

This Agreement will have an initial term of up to 6 months upon signature of contract, with the potential to renew for 2 subsequent 6 month renewals, not to exceed a cumulative total of 18 months.

The value of this service is expected to range from \$50,000 to \$100,000 CDN for the initial term of the Agreement, including all applicable taxes.

By issuing this RFP and accepting proposals, CMHC assumes the obligation of conducting the process in a fair and transparent manner. CMHC has no obligation to procure any services, or to compensate any proponent for work done other than as may be set out in a written contract with that proponent.

### **1.3 CMHC Background**

CMHC is the Government of Canada’s National Housing Agency, with a mandate to help Canadians gain access to a wide choice of quality, affordable homes. It is a Crown corporation, with a Board of Directors, reporting to Parliament through the Minister of Families, Children and Social Development, and Minister responsible for Canada Mortgage and Housing Corporation, the Honourable Jean-Yves Duclos.

CMHC has 2,000 employees located at its National Office in Ottawa, and at various Business Centres throughout Canada. The Business Centre areas are divided into five regions: Atlantic; Quebec; Ontario; British Columbia; and Prairies & Territories.

### **1.4 Purpose of Request for Proposal**

CMHC uses an RFP to describe its requirements, ask suppliers for their proposed solutions, describe the criteria which will be used in evaluating proposals and selecting a lead proponent, and outline the terms and conditions under which the successful proponent will operate or supply goods and/or services. By submitting a proposal, proponents agree to be bound by the terms of this RFP, and the terms of the proposal that they submit.

---

In this RFP process, proposals and proponents are evaluated in terms of ability to satisfy the stated requirements, while providing best value to CMHC with respect to its requirements.

### 1.5 Service Providers Database

CMHC utilizes the Supplier Information (SI) database, maintained by **Public Works and Government Services Canada** as the Official CMHC source list.

All proponents **must** be registered with **Public Works and Government Services Canada** prior to submitting a proposal. The Procurement Business Number (PBN) provided by this registration must be included with your proposal. If you are not registered, and you wish to do so, you may access (<https://buyandsell.gc.ca/>) or you may call their Information Line at: 1-800-811-1148.

### 1.6 Schedule of Events

The following schedule summarizes significant target dates for the RFP process. These dates are objectives only, and they may be changed by CMHC at its sole discretion. They shall not be considered terms or conditions under which the RFP will be conducted.

Date	Activities
January 12, 2018	Request for Proposal issued
January 18, 2018	Submission of Questions Deadline
February 1, 2018	Submission Deadline
February 2018	Evaluation and Selection of lead proponent
February 2018	Announcement of successful proponent
As requested	Debriefing to unsuccessful proponents

### 1.7 Mandatory Requirements

Throughout this RFP, certain requirements are identified as mandatory. Compliance with mandatory requirements will be assessed by CMHC in its sole discretion.

A mandatory requirement is defined as:

- a minimum standard that a proposal must meet in order to be considered for further evaluation;
- a requirement that must be met in order for the proponent to substantially comply with the requirements of the RFP; and
- a term that must be included in any Agreement that results from the RFP

Mandatory requirements are identified in:

- Section 2 Submission Instructions
- Section 4 Proposal Requirements
- Section 6 Proposed Agreement, and

- 
- Appendix A The Certificate of Submission.

**Caution:** Proposals which fail, in the reasonable discretion of CMHC, to meet any mandatory requirement will be eliminated from further consideration in the evaluation process.

Notwithstanding the foregoing, CMHC reserves the right to waive or revise any mandatory requirements during the RFP process if a waiver or revision is necessary to meet the CMHC's intent in issuing the RFP, or to ensure that CMHC receives best value from the process. In the event that CMHC elects to waive a mandatory requirement, all proponents will be advised of the change in requirements and provided with an opportunity to revise their proposals as noted in section 2.4.

### **1.8 Procurement Policy Re: The Environment**

CMHC fully supports the principle of sustainable development. Economic development and the preservation of the environment are each given consideration in the RFP process to help ensure that the actions of one generation do not compromise the ability of future generations to have an equal quality of life. To this end, CMHC is dedicated to integrating sound environmental practices into its procurement practices.

The Contracting Authority may authorize preferential pricing of up to ten percent for the purchase of more environmentally sound commodities. The evaluation methodology in Section 5 describes any environmental preferences associated with this procurement.

### **1.9 Proponent Feedback**

CMHC aims to continuously improve its bid documents and procedures. CMHC welcomes input regarding proponent experience in responding to its RFPs, whether it be positive or negative. As CMHC does not wish to be perceived as influenced by such feedback in the award decision, proponents are requested to submit their feedback after an Agreement has been executed or the RFP process has been terminated.

Proponents wishing to provide feedback may submit comments labeled as ***Proponent Feedback RFP # 201703082*** to the name and address provided in Section 2.4. Any proponent who notes a material flaw in the RFP that could prevent the process from being conducted in a fair and objective manner, or that could prevent CMHC from receiving best value from the process, is asked to report the flaw to CMHC as soon as possible, using the inquiry process specified in Section 2.4

### **1.10 Direct Deposit and Income Tax Reporting Requirement**

All payments and transfers of funds under any resulting contract will be made by means of EFT direct deposit, unless an exception is requested in the proposal and is approved prior to execution of a contract.

---

As a federal Crown Corporation, CMHC is obliged under the *Income Tax Act* and its associated regulations to report payments to suppliers of goods and/or services by using a T1204 supplementary slip.

Proponents are therefore required to provide the necessary information, including the proponent's social insurance number and/or corporate identification number, with their proposals in order to allow CMHC to complete the T1204 supplementary slip. The lead proponent will be required to complete and sign a Supplier - Direct Deposit and Tax Information Form (CMHC/SCHL 3085) prior to the commencement of the term of any resulting agreement. Throughout the term, the Contractor will be required to ensure that the information provided remains accurate and up to date. The Contractor assumes full responsibility for and indemnifies CMHC from and against any errors in payments or tax reporting that arise because the information supplied is inaccurate or out of date.

## 2 SECTION 2 SUBMISSION INSTRUCTIONS

### 2.1 Overview of Section 2

The purpose of Section 2 is to inform the proponent about CMHC's procedures and rules pertaining to this RFP process.

Proponents are advised that CMHC has provided a Mandatory Compliance Checklist as Appendix C to the RFP. The Checklist is provided for the benefit of proponents prior to submission of their proposals, to help them ensure that they have complied with all mandatory requirements. Non-compliance with a mandatory requirement will result in the proposal being eliminated from further consideration.

### 2.2 Certificate of Submission

### MANDATORY

The Certificate of Submission, attached as Appendix A, summarizes some of the mandatory requirements set out in the RFP. As noted in Section 1.7, it is also a mandatory requirement that a proposal include a Certificate of Submission (or an accurate reproduction) signed by the proponent.

Should a proponent not include the signed Certificate of Submission with its proposal, the proponent will be notified by CMHC and will have 48 hours from the time of notification to meet this requirement.

### 2.3 Delivery Instructions and Deadline

Timely and correct delivery of proposals to the exact specified proposal delivery address is the sole responsibility of the proponent. All risks and consequences of a failure to deliver a proposal to CMHC are borne by the proponent. CMHC will not assume those risks or responsibilities under any circumstances.

The time of delivery for the purposes of this section is deemed to be the time recorded by the CMHC system receiving the proposal, and not the time the proposal was sent by the proponent.

**Please be advised that EBID has a size limitation 10 MB. It is advisable and recommended that Proponents submit larger proposals in multiple smaller files.**

Upon receipt of proposals, an automated confirmation will be issued by EBID to the sender's e-mail address. It is strongly recommended that proponents follow up with the inquiries person named in Section 2.4 should they not receive said confirmation within 30 minutes of submission.

**Please be advised that electronic transmissions may not necessarily be immediate and can experience lengthy delivery delays. Proponents should ensure that sufficient delivery time is allowed, as they assume the risk of delays in transmission and receipt.**

## Address for Delivery

Proposals, including all supporting documentation, are to be sent electronically to the following e-mail address:

**EBID@cmhc-schl.gc.ca**

The subject line of the transmission must state: RFP, file # 201703082

## Language of Proposal

Proposals may be submitted in English or French.

## Format

Proposals may be submitted in MS Word or Adobe Acrobat PDF.

Rich Text formatted or Compressed (Zipped) documents cannot be opened by CMHC and will not be considered.

## Proposal Opening and Verification Period

All EBID proposals received on or before the closing date and time specified in this RFP, will be opened for verification by CMHC. If at that time, CMHC is unable to open a proposal, the proponent will be so advised and provided an opportunity to resubmit a version that can be opened within 2 hours of notification.

### 2.3.1 Submission Deadline

### MANDATORY

Your proposal must be **received** at the exact location as specified above, on or before the submission deadline set as:

2:00 p.m. local Ottawa time, on **February 1, 2018**

**Proposals arriving late will be automatically rejected, and the sender will be so notified by e-mail.**

## 2.4 Inquiries

All questions regarding this RFP must be sent by e-mail or facsimile to the following contact person:

Camille Attia, Senior Procurement Advisor  
Email: cattia@cmhc-schl.gc.ca

**Changes to this RFP document will only be effective if issued by CMHC in writing as described below. Proponents are therefore strongly cautioned to request that all clarification, direction and changes be provided in writing, as information given orally by any person within CMHC shall not be binding upon CMHC.**

**All written questions submitted, which in the opinion of CMHC raise an issue that has the potential to affect all proponents, will be answered by CMHC in writing and distributed to all proponents by e-mail or GETS. The identity of the proponent making the inquiry will not be included in the response. Any questions of a proprietary nature must be clearly marked as such.**

In the event that it becomes necessary to revise any part of the RFP as a result of any inquiry or for any other reason, an addendum to this RFP will be provided to proponents by e-mail or GETS.

**CMHC has no obligation to respond to any inquiry, and will determine, at its sole discretion, whether it will respond to inquiries that are submitted. CMHC cannot guarantee a reply to inquiries received less than seven calendar days prior to the closing date.**

## **2.5 Communication**

During proposal evaluations, CMHC reserves the right to contact or meet with any individual proponent in order to obtain clarification of its submission, including clarification of the scope of services offered. Any such communication is limited to clarification purposes only, and proponents will not be allowed to revise their proposal during this process.

## **2.6 Proponent Contact**

The proponent shall name a person in their proposal to act as a primary contact for CMHC during the evaluation period. A secondary contact should also be provided for backup purposes.

## **2.7 Offering Period**

### **MANDATORY**

It is a deemed condition of every proposal that the terms of the proposal, including all terms relating to pricing, shall remain valid and binding on the proponent until such time as an Agreement is negotiated and executed, not to exceed sixty (60) days following the closing date.

## **2.8 Changes to Proposals**

Changes to a proposal are permitted, provided that they are received as an addendum to, or clarification of, a previously submitted proposal, or as a new proposal that replaces and supersedes the proposal that was previously submitted.

Any addendum, clarification, or new proposal must be submitted as per the delivery instructions outlined in Section 2.3, be clearly marked “**REVISION**”, and be received no later than the submission deadline. Where the new proposal is intended to replace all or part of an earlier proposal, it must be accompanied by a clear statement specifying the sections of the earlier proposal that are replaced by the new proposal.

## **2.9 Multiple Proposals**

Proponents interested in submitting more than one proposal for consideration may do so, provided that each proposal independently complies with the instructions, terms and conditions of this RFP.

## **2.10 Acceptable Alternative**

An alternative to any portion of a proposal may be submitted as an addendum to a proposal.

Where the alternative proposal relates to a mandatory requirement, the alternative must meet that requirement.

## **2.11 No Liability**

While CMHC has made considerable efforts to ensure that the information in this RFP is accurate and complete, it is possible that errors may exist. The information is not guaranteed or warranted to be accurate by CMHC, nor is it necessarily comprehensive or exhaustive. CMHC will have no liability of any kind to proponents for losses or damages arising from any errors that may be found in the RFP, regardless of how the errors are caused. Proponents remain obliged to make their own investigation of relevant information and to form their own opinions and conclusions in respect of the matters addressed in this RFP.

By submitting a proposal, proponents waive any claim or cause of action that they may have against CMHC or its representatives as a result of the conduct of this RFP process or any resulting contract award, except insofar as they have proof of wilful misconduct on the part of CMHC or its representatives. Proponents agree that they will not bring a court action or institute any other proceedings against CMHC for damages arising from the conduct of this RFP or any resulting contract award. This section is intended to be a complete waiver of the proponent’s right to claim damages subject to the limited exception noted above.

## **2.12 Verification of Proposals**

The proponent authorizes CMHC to conduct such investigation as it deems appropriate to verify the contents of the proponent’s proposal.

## **2.13 Ownership of Responses**

All proposals and related materials become the property of CMHC upon submission and CMHC shall have all intellectual property rights in those proposals and materials.

Proposals and related materials will not be returned to proponents. Proponents are not entitled to any compensation for any work related to, or materials supplied in the preparation of their proposals.

The proponent warrants that the proponent possesses all rights necessary to satisfy this requirement. The proponent hereby certifies that it has waived, or has obtained a waiver in favour of CMHC of, all moral rights in the proposal and related materials, and hereby assigns all rights in the material, as provided for in the law of copyright. The proponent agrees to execute any document requested by CMHC acknowledging CMHC's ownership of the material and the waiver of moral rights therein.

All information regarding the terms and conditions, financial and/or technical aspects of the proponent's proposal which are of a proprietary or confidential nature, must be clearly marked "**PROPRIETARY**" or "**CONFIDENTIAL**". Proprietary and confidential markings shall be included beside **each item or at the top of each page containing information that the proponent wishes to protect from disclosure.**

CMHC will take steps to protect proponents' documents and information so marked from disclosure. Notwithstanding the foregoing, CMHC shall have no liability of any kind to proponents based on the inadvertent or unintentional disclosure of proprietary information.

Proponents are further advised that as a Crown corporation, CMHC is subject to the federal legislation with respect to access to information and privacy. In certain specific circumstances, information submitted to CMHC by third parties may be required to be disclosed pursuant to federal legislation. In such cases, to the extent reasonably possible, CMHC will make efforts to advise the proponent of the required disclosure prior to releasing the information.

## **2.14 Proprietary Information**

Information about CMHC that is contained in this RFP document is to be considered proprietary information of CMHC. It is made available for the sole purpose of providing proponents with sufficient information to prepare responses to the RFP. Proponents and other readers of this document may not make any other use of information contained in the RFP.

## **2.15 Corporation Identification**

Proponents agree that they will not make any use whatsoever of CMHC's name, logo or other official marks without the express written consent of CMHC.

## **2.16 Declaration with respect to Gratuities**

By submitting a proposal, the proponent certifies that no representative of the proponent, or any individual or entity associated with the proponent has offered or given a gratuity (e.g. an entertainment or gift) or other benefit to any CMHC employee, Board member or Governor-in-Council appointee with the intention of obtaining favourable treatment from CMHC.

## **2.17 Conflict of Interest**

The proponent and its principals, employees and agents shall avoid any real, potential or apparent conflict of interest during the RFP process, and upon becoming aware of a real, potential or apparent conflict, shall immediately declare the conflict to CMHC. The proponent shall then, upon direction of CMHC, take steps to eliminate the conflict, potential conflict or perception that a conflict of interest exists.

The successful proponent must not provide any services to any third party in circumstances that might reasonably give rise to a conflict of interest between the proponent's duties to that third party and the proponent's duties to CMHC.

In the event that a conflict of interest, real, potential or perceived, cannot be resolved to the satisfaction of CMHC, CMHC shall have the right to immediately eliminate the proponent from consideration under the RFP or to terminate the resulting agreement. Upon such elimination or termination, CMHC shall have no obligation of any nature or kind to the proponent.

## **2.18 Declaration with respect to Bid Rigging and Collusion**

By submitting its proposal, the proponent certifies that:

- (a) prices as submitted in its proposal have been arrived at independently from those of any other proponent;
- (b) the prices as submitted have not been knowingly disclosed by the proponent, and will not knowingly be disclosed by the proponent prior to award, directly or indirectly, to any other proponent or competitor; and
- (c) no attempt has been made, nor will be made, to induce any other person to submit, or not to submit, a proposal, for the purpose of restricting competition.

## **2.19 Security Clearance**

CMHC requires employees of the selected proponent to be security cleared in order to permit them access to CMHC premises when and if required. This process normally takes approximately five working days, but may take longer, depending on the circumstances.

If they are not security cleared, the proponent or its employees will require an escort by a CMHC employee if required to access CMHC premises and will not be granted access to CMHC information and systems or any confidential information. Where the required security clearance is not granted to an individual, CMHC will have the right to exclude that individual from performing the services outlined in this RFP. The failure of an individual to obtain security clearance shall not relieve the successful proponent from any of its obligations under this RFP and any resulting agreement.

## **2.20 Joint Venture Responses**

Joint venture proposals should adequately represent and communicate the proposed roles and responsibilities of each party participating in the joint venture, and must provide a detailed description of the proposed joint venture business arrangement. The description must, at a minimum, list the companies involved, indicate how long the business arrangement has been (or will be) in existence, outline the goods or service(s) that each respective party would be providing and describe the proposed roles and responsibilities of each party.

The proponent shall designate one of the entities participating in the joint venture as the contact person for the purpose of this RFP process. All communications between the proponent and CMHC will be directed through the contact person.

Joint venture responses must be accompanied by a signed Certification of Submission from each participating entity. Refer to Section 2.2.

## **2.21 Non-Disclosure of CMHC Information**

Under this section, “CMHC Information” refers to any and all information of a confidential nature, including all personal information, which is managed, accessed, collected, used, disclosed, retained, received, created or disposed of by CMHC in order to complete this RFP process and to fulfill the requirements of any resulting agreement. Without limiting the generality of the foregoing, CMHC Information includes information held in any format and information provided directly, indirectly to the proponent.

The proponent understands and agrees to treat all CMHC Information as proprietary, confidential and sensitive, unless otherwise specifically agreed to in writing by CMHC. The proponent agrees to restrict access to CMHC Information to those persons who have a need to know this information in order to prepare the proponent’s response to this RFP, or perform the work or services under any resulting agreement.

The proponent further acknowledges and understands that all CMHC Information is subject to Canadian laws on privacy and access to information under which CMHC is bound and that CMHC considers CMHC information to be under its custody and control at all times.

The proponent shall ensure that CMHC Information remains in Canada and expressly agrees to segregate CMHC Information (whether in electronic format or in hard copy) from any other information by electronic or physical means. Without limiting the generality of the foregoing, the proponent shall not and shall ensure that any subcontractor, reseller, agent or any other person engaged to perform any part of the work or services does not release, share or otherwise divulge CMHC Information to any other person including subsidiaries, branch offices, partners or subcontractors of the proponent without the prior written consent of CMHC.

### **3 SECTION 3 STATEMENT OF WORK**

#### **3.1 Overview of Section 3**

This section of the RFP is intended to provide the proponent with the information necessary to develop a responsive proposal. The Statement of Work is a complete description of the tasks to be done, results to be achieved and/or the goods to be supplied.

#### **3.2 Mandatory Requirements**

A mandatory requirement is a minimum standard that a proposal must meet in order to be considered for further evaluation.

Any mandatory requirements associated with the Statement of Work are clearly identified in Section 4 - Proposal Requirement.

The Mandatory Compliance Checklist is located at Appendix C (7.3).

#### **3.3 Statement of Work**

##### **1. Introduction**

CMHC wishes to assess the impacts of the recent Federal investments in affordable housing in Nunavut in terms of actual housing related benefits and potential ancillary socio-economic (non-housing) benefits.

In 2013 the Government of Nunavut received \$100M towards the construction of 213 affordable housing units in 12 communities identified as having the greatest need under the Nunavut Housing Corporation Allocation System.

Previous Federal investments for Nunavut include:

\$7.02M under the 2001-2011 Affordable Housing Initiative (AHI),

\$100M in additional federal investments in 2009, as well as

Annual investments of \$1.455M under the 2011-2019 Investment in Affordable Housing (IAH).

To date little analysis has been undertaken to determine the potential impacts of housing investments in the North. This need concurs with those found by the Canadian Polar Commission (now Polar Knowledge) in the report *Housing in the Canadian North: Recent Advances and Remaining Knowledge Gaps and Research Opportunities* which noted "further research is needed to better understand the relationship between housing and socioeconomic conditions to inform policies and programs".

Further, the Nunavut Housing Corporation (NHC) report *Igluliuqatigiilauqta: Let's Build a Home Together* noted that "a northern-specific analysis of the costs and benefits of investing in social housing is needed to inform and support meaningful investment in housing that can reduce expenditures on other social services".

## **2. Potential Impacts of Housing Investment**

Housing is described and understood to be a cornerstone upon which better life outcomes are based. Housing is one of the social determinants of health and there have been numerous studies relating affordable, safe, secure housing to improvement in a range of life outcomes including health, early childhood development, education, employment, poverty reduction, and family stability.

Some impacts of housing investments are direct, such as changes to wait list size, increased construction activity, and reduced incidence of upper respiratory infections when living in a less crowded home. For the most part; however, the relationship between housing investments and better outcomes for individuals and families is indirect. For example, affordable housing can mean having more funds to spend on food which leads to better nutrition and better health. And the outcomes attributable to adequate housing are mitigated by a number of factors including the quality of schools, socio-economic status, neighborhood context and parenting. For example, educational outcomes may not improve if children live in more affordable housing but rather stay in the same school. CMHC has a substantial body of empirical research on socio-economic outcomes including a recent study documenting potential impacts related to the areas of early childhood development, education, employment, health, and family stability (material will be available to the successful proponent).

## **3. Statement of Work**

This project will be undertaken to develop three options for how an impact assessment could be done given low, medium and high budget scenarios. A framework will be used to compare the various approaches to logic models, indicators, evaluation participants, potential sampling methodologies, and reporting structure – all based on a rigorous assessment of what is possible given existing available information and budget scenarios. Based on this comparison, CMHC will select one impact assessment option that the consultant will pilot test in a chosen community to determine the extent to which it yields the desired information concerning the scope and depth of the impacts of delivering housing in Nunavut communities.

A subsequent study – to be contracted at a later date based on the outcomes of this project – will utilize the chosen option (as modified- if need be – after the pilot testing) to document the housing and non-housing impacts of investments in affordable housing in Nunavut – examining these from a pre-construction, construction, and post-construction lens.

## IMPACT ASSESSMENT FRAMEWORK DEVELOPMENT

Based on previous CMHC research, (material will be available to the successful proponent) the Proponent will develop an impact assessment framework to guide this project. The Proponent will seek to address the following question - are the contributions to affordable housing achieving non-housing impacts (i.e.; benefits, outputs and outcomes beyond the direct delivery of the new housing units) and to what extent non-housing impacts can be attributed (directly or indirectly) to these investments?

### **Task 1. Scoping meeting with CMHC Nunavut Housing Corporation**

The Proponent will coordinate a scoping meeting with CMHC and Nunavut Housing Corporation (NHC) to:

1. discuss/confirm overall *project objectives*,
2. identify *communities and number of households* impacted by the 2013 Federal investments (e.g. number of families housed and change from previous housing situation)
3. identify *key stakeholders* affected by the 2013 Federal investments such as tenants, service providers (LHO), government, communities, and local businesses, Inuit regional associations, NTI
4. determine and document the *timeframe* for these investments – including planning, construction completion, and date of occupancy
5. determine the approach to managing *tenant privacy* such as research consent documentation (Nunavut to provide privacy legislation information and direction)
6. Deliverable: the Proponent will provide a brief summary of the outcomes of the scoping meeting confirming objectives, communities, and stakeholders.

### **Task 2 – Impact Assessment and comparison Framework Development**

The Proponent will undertake the following activities:

#### Impact Assessment Options

1. Development of three options for an impact assessment logic model including activities, outputs and impacts and outcomes – based on low, medium and high budget availability. As the ultimate assessment approach will be based on scope identified here, it is necessary that the Proponent provide low cost, mid cost, and high cost assessment options with corresponding activities. For example, how deeply can the assessment activities go based on a \$50K vs, \$100K vs. \$150K evaluation budget?
2. Identification of potential pre-construction, construction, and post-construction impacts attributable to investments in housing based on interviews with key NHC stakeholders and a review of a CMHC study documenting indicators of social return on investment for affordable housing across Canada (not published, (material will be available to the successful proponent)).

Post-construction impacts will be presented by theme areas such as areas such as early childhood development, education, family stability, employment, health, as well as potential economic and infrastructure impacts, etc.

3. It is understood that the availability of information on health related impacts associated with the delivery of housing in Nunavut communities may be limited. This information will be provided by a review of concurrent work in Nunavut documenting potential health impacts of new housing as undertaken by Mylène Riva from the University of Laval. (material will be available to the successful proponent) and a summary of this work (approximately 1-2 pages) will be developed for the impact assessment report in an Appendix.
4. Determination of appropriate survey methodologies for the three options including survey instruments and identification of additional sources of information where required for the communities benefiting from housing investments. It is expected that surveys and/or questionnaires will include closed and open-ended questions to understand why housing impacts have been observed or not observed.
5. Development of a comparison framework linking potential impacts to survey methodologies, data sources, and indicators.
6. Identification of limitations and constraints for each option, and
7. Identification of the expected impact assessment budget and timelines

#### Comparison Framework

Development of a comparison framework to be used as the basis of comparison for the three options – based on scope, level of activity, participant input, constraints, budget, etc.

*Deliverable:* a comparison framework outlining the three impact assessment options for use in stakeholder engagement in Task 3.

#### **Task 3 - Stakeholder Engagement to Choose Impact Assessment Option**

The final selection of the impact assessment option will be informed by results of stakeholder consultations and discussion with CMHC to ensure that key objectives and indicators are identified and that information exists to address the identified indicators. The Contractor will undertake the following activities:

1. stakeholder identification and engagement including CMHC, NHC, Nunavut and local government departments
2. initial stakeholder engagement through a kickoff meeting to discuss overall evaluation project objectives, identify potential impacts and indicators, and

3. presentation of the comparison framework outlining the three draft assessment options to project stakeholders for input and review

*Deliverable:* record of decision on the chosen impact assessment option based on stakeholder input.

#### **Task 4: Impact Assessment strategy detailed statement of work**

The Proponent will develop a detailed statement of work, the methodology appropriate to the level of engagement, activities and number of stakeholders and participants determined by the impact assessment approach approved in task 3. The Proponent will develop survey instruments, interview questionnaires and provide template consent forms for participants in this research (all deliverables will be reviewed and approved by CMHC and NHC).

*Note:* All written materials requiring translation into Inuktitut (or other designated language in the identified pilot community) will be translated by CMHC linguistic services. However; any translator services required for interviews will be paid for by the Proponent.

*Deliverables:* Detailed Impact assessment approach statement of work, draft survey instruments and interview questionnaires and research consent form.

#### **Task 5: Validation activity**

The Proponent will pilot test the impact assessment survey instrument(s) and interview questionnaires developed in Task 4 in one community chosen by NHC and, based on the outcomes of the pilot testing, make any necessary changes these tools to ensure that they will generate the intended information.

While investments in housing may lead to positive socio-economic impacts (identified in reference materials, available to the successful proponent), it is possible that these may not be observed in smaller remote communities, or by looking at a single point in time as envisioned in this study. For this reason, the Proponent will seek to identify, where possible, lessons learned and potential complementary activities or factors that could increase socio-economic impacts based on the findings of the surveys, interviews and other interactions with community members and personnel involved in the housing delivery supply chain (e.g. potential for greater coordination on planning activities for housing and community services, infrastructure, etc.).

*Deliverable:* a draft report documenting the results of the pilot assessment, changes made to survey instruments and questionnaires, changes made to the proposed impact assessment strategy, and recommendations/direction for the subsequent larger study.

#### **Task 6 - Reporting and presentation to CMHC and Nunavut Housing Corporation via Skype**

The Proponent will coordinate a skype meeting with CMHC and Nunavut Housing Corporation. The Proponent will utilize a PowerPoint presentation to showcase the findings of the draft report to CMHC and Nunavut Housing Corporation staff. Based on responses at this presentation and

---

comments on the draft report, the Proponent will incorporate editorial and content changes to the report for final submission.

The Proponent will provide a Schedule of Tasks and Allocation of Staff by Phases.

This section details the review that may be conducted and the documents that are required of the lead proponent.

Failure to comply with the financial information submission requirements set out in this section, will result in disqualification of the lead proponent(s) at which time no further consideration will be provided to the respective submission(s).

## **5 SECTION 5 EVALUATION AND SELECTION**

### **5.1 Overview of Section 5**

Section 5 describes the process CMHC will use to evaluate proposals, select a lead proponent and finalize and sign an agreement.

CMHC commits to conducting the evaluation process in a fair and objective manner and treating all proponents equitably. To this end, it has set out detailed terms and conditions and evaluation criteria which will be applied uniformly to all proponents.

As per section 2.11, by submitting a proposal, proponents agree to relinquish all causes of action, claims, complaints or demands that they may have against CMHC arising out of its evaluation of proposals, the alteration of any terms and conditions, the failure to evaluate any proposal, the failure to sign an agreement with a proponent, or the termination of this RFP process.

**CMHC intends to conduct the RFP process such that the proposal that represents the best value to CMHC, based on its operational requirements, is selected. The lowest cost proposal will not necessarily be selected. CMHC reserves the right to reject any or all proposals in whole or in part on the basis of this principle.**

### **5.2 Limitation of Damages**

The proponent, by submitting a proposal and subject to section 2.11, agrees that under no circumstances will it claim damages in excess of the reasonable costs incurred by the proponent in preparing its proposal. The proponent waives any claim for loss of profits or other indirect or special damages.

### **5.3 Evaluation Table**

The Evaluation Table as provided in Appendix “B” lists the criteria upon which each proposal will be evaluated. The criteria are based on the requirements as provided in this RFP.

---

## 5.4 Evaluation Methodology

Each proposal will be examined to determine compliance with each mandatory requirement identified in this RFP. A proposal must comply with all of the mandatory requirements in order to proceed in the evaluation process. A proposal which is deemed by CMHC to be non-compliant in one or more mandatory requirements will be eliminated from further consideration. A proposal which meets all the mandatory requirements will be deemed compliant and will proceed in the evaluation process.

Each compliant proposal will first be individually evaluated by each member of the Evaluation Committee that is formed by CMHC for this purpose. Evaluators will evaluate each proposal in accordance with the evaluation criteria as shown in the Evaluation Table, Appendix "B" and a predefined scoring scale of 0 to 5, where "3" is deemed to meet most requirements.

Once individual evaluations are complete, the Evaluation Committee members will discuss their scores and agree upon a final score for each proposal.

A proposal must meet the minimum upset score in each category (as shown on the Evaluation Table) to remain in the evaluation process.

Each compliant proposal that meets the minimum upset scores in each category shall then be evaluated using the "ratio" evaluation process. The proposal with the lowest cost receives the maximum points allowed. All other proposals receive a percentage of the point available based on their relationship to the lowest.

The proponent with the highest score will be named the lead proponent.

## 5.5 Technology Security Evaluation

When applicable and at CMHC's sole discretion, CMHC shall have the right to conduct an assessment of the contractor's security controls and frameworks (the "**Security Measures**"), which assessments may be carried out by CMHC itself or by a third party on behalf of CMHC. Should a lead proponent be identified, CMHC may request the following information, within an agreed upon timeframe, to permit an analysis of the contractor's Security Measures:

1. Provide proof, to the satisfaction of CMHC of the contractor's implementation of one of the following security control guidelines: (i) ISO 27001, (ii) ITSG-33 or (iii) equivalent guideline for a Protected B, Medium, Medium system
2. Provide proof, to the satisfaction of CMHC that an enhanced Threat and Risk Assessment has been conducted on the contractor's technology/infrastructure;
3. Provide proof, to the satisfaction of CMHC that an internal and external Network Vulnerability Assessment has been conducted on the contractor's technology/infrastructure;
4. Provide CMHC with a "Security Controls Checklist" as detailed within one of the following security control guidelines: (i) ISO 27001, (ii) ITSG-33 or (iii) equivalent.

---

**The contractor will be required to document how they have met or exceed the baseline safeguards.**

The contractor may refine Security Measures as part of this process to ensure a sufficient amount of detail for their allocation of high-level design specification. CMHC will review and potentially approve any refinements implemented by the contractor as part of CMHC's review and change disposition. Upon request from CMHC I&T Security Risk Management the lead contractor will provide assurance that security controls are being managed in accordance with a **Protected B** environment throughout the life of the Agreement. The contractor will be required to ensure that any additional safeguards have been implemented to address any residual risks identified by it or by CMHC.

## **5.6 Financial Evaluation**

Once a lead proponent is identified, CMHC may carry out a credit check and/or a financial capacity on the lead proponent. The financial evaluation will be based on the information that is requested as per Section 4.8 of this RFP.

The financial evaluation is a pass/fail evaluation to determine whether the lead proponent has the financial capacity required to provide CMHC with reasonable assurance that it will be able to meet its obligations if it enters into an agreement with CMHC. If the lead proponent passes the financial evaluation, CMHC is then in a position to begin contract negotiations. If the lead proponent fails the evaluation, it is disqualified from further consideration.

## **5.7 Proponent Selection**

Once a lead proponent has passed the financial evaluation, CMHC has the option of entering into negotiations with that proponent to incorporate some or all of its proposal into an agreement. If at any time CMHC decides that the lead proponent cannot satisfy CMHC's requirements, CMHC may terminate negotiations. If at this time CMHC feels that the secondary proponent may meet the requirements, CMHC will continue the process with the secondary proponent and so on.

By submitting a proposal, proponents agree that if they are selected as lead proponent, they will enter into contract negotiations in a timely manner and in good faith, and within the framework of the RFP and the proponent's response to the RFP.

Announcement of the successful proponent will be made to all proponents following the signing of an agreement.

## **6 SECTION 6 DRAFT AGREEMENT**

### **6.1 Overview of Section 6**

Attached in Section 6.2 is a draft agreement containing terms and conditions that will form the basis of the agreement resulting from this RFP. CMHC reserves the right to add, delete or revise terms and conditions during negotiations.

Terms and conditions identified as “Mandatory” in the RFP or draft Agreement must be included in the agreement. The proponent’s proposal and all associated correspondence from the proponent, where relevant, shall to the extent desired by CMHC, also form part of the resulting contract.

**Submission of a proposal constitutes acknowledgement that the proponent has read and, unless otherwise stated in the proponent’s proposal, agrees to be bound by the terms and conditions in the draft agreement in the event that the proponent is selected by CMHC to enter into a contract.**

For the purposes of this section the term “Contractor” refers to the successful proponent with whom CMHC enters into an agreement.

### *Termination for Default of Contractor*

CMHC may, by giving 10 days prior written notice to the Contractor, terminate this Agreement without penalty or charge for any of the following reasons:

In support of the travel costs included in the contract value, the Contractor is required to complete this Estimate Form (or provide the information contained in the Estimate Form, attached hereto as Schedule "D" in another format) and provide it to the designated CMHC Authority for pre-approval. **CMHC may, at its sole discretion, not reimburse the Contractor for the travel costs where the Contractor has not completed the Estimate Form and obtained a pre-approval.** The Contractor must also provide appropriate receipts that are satisfactory to CMHC in support of travel costs.

---

complete the T1204 supplementary slip. The Contractor is required to complete and sign a Supplier - Direct Deposit and Tax Information Form (CMHC/SCHL 3085) prior to commencement of the Term. Throughout the Term, the Contractor is required to ensure that the information provided remains accurate and up to date. The Contractor assumes full responsibility for any errors in payments or tax reporting that arise because the information supplied is inaccurate or out of date.

### **3.6 Audit**

The Contractor shall maintain proper and standard records and accounts during the Term and for a period of three (3) years following the end of the Term. The Contractor agrees to allow CMHC's internal and external auditors the right to examine, at any reasonable time, any and all records relating to the services identified herein.

The Contractor agrees to provide the CMHC's internal or external auditors with sufficient original documents in order to conduct any audit procedures. Upon the material coming into existence, the Contractor hereby assigns all rights in the material to CMHC and agrees to execute any document requested by CMHC acknowledging CMHC's ownership of the material and work product and the waiver of moral rights therein.

Nothing in this Agreement is intended to affect the pre-existing Intellectual Property Rights of the Parties, and all personal information, whether or not it is marked as confidential.

---

The Contractor further agrees to restrict access to CMHC Information to those persons who have a need to know this information in order to perform the Services and who are bound by an obligation of confidentiality that is as strict as that contained in this Agreement.**

**In the event that a breach of confidentiality occurs, the Contractor will immediately notify CMHC and co-operate with CMHC to the extent required to remedy the breach.**

Where the Services are sensitive in nature, CMHC may require that the Contractor provide an Oath of Secrecy for each of its employees or persons engaged in performing the Services.

The Contractor further acknowledges and understands that CMHC considers all CMHC information to be under its custody and control at all times, and that all information in the care and control of CMHC is subject to federal laws on privacy and access to information.

#### **4.3. Contractor's Indemnification**

The Contractor agrees to indemnify, defend and hold harmless CMHC, its officers, employees and agents, for all loss, damages, costs, expenses, claims, demands, actions, suits or other proceedings of every nature and kind, including legal fees, arising from or in consequence of an act or omission of the Contractor related to the performance of the Services. To the extent that CMHC's actions contribute to the loss or damages, CMHC shall be responsible for its proportionate share of the liability. The indemnification applies whether the actions, suits or proceedings are brought in the name of CMHC or in the name of the Contractor. The Contractor shall be fully responsible to CMHC for the acts and omissions (including negligence) of its subcontractors and of persons directly or

---

indirectly engaged by such subcontractors as if such acts and omissions were those of the Contractor.

CMHC shall have the right to assume control of its own defence at any time, provided that it assumes the costs of its defence.

#### **4.4. Independent Contractor**

It is understood by the Parties that the Contractor shall act as an independent contractor for the purposes of the Agreement. It and its employees, officers, agents and contractors are not engaged as employees of CMHC. The Contractor agrees to so advise its employees, officers, agents and contractors.

Without limiting the generality of the foregoing, the Contractor shall retain complete control of and accountability for its employees, agents and contractors. The Contractor shall prepare and process the payroll for its employees directly, and shall withhold and/or pay all applicable employment taxes and statutory payroll deductions required in respect of its employees. All personnel employed by the Contractor at the beginning of the Term shall, at all times, and for all purposes, remain solely in the employment of the Contractor.

#### **4.5. Contractor's Authority**

The Contractor agrees that it has no authority to give any guarantee or warranty whatsoever expressed or implied on behalf of CMHC and that it is in no way the legal representative or agent of CMHC and that it has no right or authority to create any obligation on behalf of CMHC or to bind CMHC in any way.

#### **4.6. Corporation Identification**

It is agreed that the Contractor will make no use whatsoever of CMHC's name, logo or other official marks without the express written consent of CMHC.

#### **4.7. Conflict of Interest**

#### **MANDATORY**

The Contractor and its principals, employees, agents and subcontractors shall avoid any real, potential or apparent conflict of interest during the Term and shall declare any real, potential or apparent conflict of interest to CMHC immediately upon becoming aware of the conflict.
