QUESTIONS & ANSWERS

Item	Question	Answer
1	Under Technical Requirements, 3.0 Scope of Work, ii. Specifications, #18, there is a reference to "screw jack stand". This type of stand is typically applicable to sailboat trailers that support the hull through a series of screw jacks and pads rather than long stationary bunks. Is this the required stand?	No, this is an error. Refer to the revision to Annex A, Requirement below.
2	Is New Vehicle Information Statement (NVIS) paperwork for the manufacturer's certificate of origin the correct document to be provided?	Yes, that is the correct paperwork.
