Title: Automated DNA Extraction and DNA Purification Instruments for Next Generation DNA Sequencing

AMENDMENT 001

This amendment is raised for question clarification and solicitation amendment.

Question 1:

Is the end user open to considering an instrument that is manufactured outside of Canada?

Answer 1:

Yes, however this requirement is Conditionally Limited when two or more suppliers of Canadian goods and/or services exist.

Question 2:

If certification within Clause 5.2.1 is not offered, will our company's response to the Solicitation be deemed non-responsive and immediately removed from further consideration?

Answer 2:

No, failure to provide this certification will result in the item(s) offered being treated as non-Canadian goods.

The above reference solicitation is amended as follows

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

INSERT:

(c) The evaluation team will determine first if there are two or more bids with a valid Canadian Content certification. In that event, the evaluation process will be limited to the bids with the certification; otherwise, all bids will be evaluated. If some of the bids with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive bids with a valid certification remain, the evaluation will continue among those bids with a valid certification. If all bids with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other bids received will be evaluated.

DELETE:

5.1.2.2 SACC Manual clause [A3060C](#) (2008-05-12) Canadian Content Certification

INSERT:

6.9.2 SACC Manual clause [A3060C](#) (2008-05-12) Canadian Content Certification

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
