This Amendment No. 003 is raised to amend Request for Standing Offer EP922-180933/A as follows:

Enquiries received during the Solicitation Period:

1. On Page 73 of the RFSO, the Price Proposal (Appendix B) states: "The hourly rate provided must be equal to or greater than the hourly rate provided for the position listed below it. For example, if the firm does not have an Intermediate Personnel, the hourly rate provided must be equal to or greater than the hourly rate provided for the Junior Personnel."

Please clarify if the intent is to have

1. Categories a-h priced as (i.e. a-highest to h-lowest), or
2. Similarly named categories stand alone (i.e. Engineering categories a-highest to c-lowest, and Technologist categories d-highest to f-lowest) but "d" is not necessarily lower than "c".

Answer: The intent is to have similarly named categories stand alone.

2. The Required Services as stated in the Terms of Reference *Section 2.1.2. Services* differ from those listed in the Table of Contents and later expanded upon. What does the list of Required Services include?

Answer: All Section 2.1.2 Services, Table of Contents, and later expanded Sections 2.3 to 2.11 are correct. The only difference is that Section 2.1.2.1.1, Investigation Services such as condition report; Section 2.1.2.1.2 Geotechnical Investigation; and Section 2.1.2.1.3 Topographic Survey, are described under Section 2.4 Pre-Design Services, since usually these services are delivered under this phase of the project. Each specific project Terms of Reference will indicate which of these services will be required for that project.

3. Submission Requirements and Evaluation (SRE) Section 3.2.2 (2)(g) of the RFP requests information on how the successful proponent intends to meet the "Project Response Time Requirements". After review of the RFP, Terms of Reference (TOR), and General Procedures & Standards (GPS) documents, we cannot locate the specific Response Time Requirements. Please identify the location of the Response Time Requirements within the bid documents, or offer instruction as to requirements desired by PWGSC.

Answer: The TOR provided is a Generic TOR. When a specific project is assigned to the consultant, there will be a project specific TOR and that will have any response time requirements for the project. SRE Section 3.2.2 (2)(g) of the RFP is requesting the consultant to describe in their proposal how, in general, they will meet the time response requirement for urgent meetings or project completion times.
