Solicitation Amendment No. 004

This amendment is raised to respond to Bidders' questions:

Q1: In the bid pricing, how will Canada evaluate the financial bids? Will the firm fixed price for the first year be added to the firm fixed price for the option in order for the total to be evaluated for lowest bid? Since there is no way of telling what the option quantity is, the pricing would have to be presumed to be quantity one.

Is this the case? Do you think it would be a good idea to amend the RFP to give quantity breaks on the option (Eg 1-10, 11-20, 21-40, 41-70)?

Many items that need to be ordered within the drawing require minimum order quantities and therefore the unit price for quantity 1 would be significantly higher than the unit price for quantity 800. This makes it very difficult to quote a price for only quantity 1.

A1: See Revision 02. The option has been deleted.

Q2: How exactly will the options pricing be included in the evaluation of lowest price submission?

A2: See Revision 02. The option has been deleted.

Q3: Can we assume any minimum options release quantity larger than 1 unit, or should the pricing in fact reflect what the cost of a single unit would be? Do you have an expected forecast of options quantities?

A3: See Revision 02. The option has been deleted.

REVISIONS TO THE SOLICITATION:

Revision 01: The quantity of Line Item 1 is revised to 1,600.

Revision 02: Line item 2 (option) is deleted from the requirement.

DELETE:

4.2 Basis of Selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price, including options, on an aggregate basis will be recommended for award of a contract.

INSERT:

4.2 Basis of Selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

DELETE:

6.2.1 Optional Goods

The Contractor grants to Canada the irrevocable options to acquire up to a maximum of 800 additional units of the item described at Line Item 2 of the Contract under the same conditions and at the prices and/or rates stated in the Contract. The options may only be exercised by the Contracting Authority and will be evidenced, for administrative purposes only, in whole or in part, through a contract amendment.

The Contracting Authority may exercise the options within 12 months after contract award by sending a written notice to the Contractor.

Revision 03: The closing date is extended to February 13, 2018 at 2:00 PM.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
