Amendment 05

This amendment is being raised to distribute the question and answer.

A) QUESTION & ANSWER

Q1 The drawings show line painting on the highway. I understood that the highway is to be repave after the completion of the Mistaya park lot.

Is the highway line painting in the scope of the Mistaya tender?

A1 The contractor will be responsible to provide line painting on the highway prior to the completion date. A redesign will be issued as the highway won't be widened till fall 2018. All quantities and measurements in the bit item table will remain the same.

Q2 Can asphalt mix be produced at the David Thompson Parks Pit 4 km east of the Hwy 93 Hwy 11 intersection? Currently there is an asphalt plant set up there.

A2 It is the responsibility of the contractor to source the asphalt mix, there is no permit or access granted for this project out of that pit at this time. The current contractor in David Thompson pit has sole access, this is due to the large amount of aggregate being produced for an ongoing project.

All other terms and conditions remain unchanged.
