AMENDMENT 004

1.0 Questions

Q10 Is there a better drawing for C3? It seems that the notes are cut off on the bottom right hand side..

A10 See revised drawing C3 titled '408828 C3 NOTE MOVED FOR TENDER FEB 6 2018'.

Q11 Is there also a drawing for AV5?

A11 AV 05 is located on the trail between Haslem pit and Kinnie Brook (approximate location found on C1). As per the note on C3 it is to be replaced with a combination air release / vacuum relief valve (100mm dia.). No detail drawing for this typical assembly.

Q12 Is there anything special about the enclosure and insulated bag?

A12 Insulated bag is meant to be manufactured items. The enclosure is meant to be made of a material that will protect the valves and stand up over time yet still be removable for servicing (ie. paint steel). The insulated covering bag is meant to be a manufactured insulated bag that fits well over the valves and will prevent sweating in the summer.

ALL OTHER TERMS AND CONDITONS REMAIN THE SAME.
