THE FOLLOWING AMENDMENT TO THE TENDER DOCUMENTS IS EFFECTIVE IMMEDIATELY. THE AMENDMENT SHALL FORM A PART OF THE CONTRACT DOCUMENTS.

1. Change in the DSP

In: DSP-EN-5P300-17-5497A.zip, Dry Ditch Palisade Drawings (REV 2).pdf
Section, Part: A-4 - dimension width for the ribband

Delete:
101.6000

Replace With:
76.2000

2. **Additional or modifications Drawings**

See "DSP2 5P300-17-5497 EN-FR.zip" for all additions or revisions to the drawings.

3. **Optional site visit attendees list and questions and answers.**

See the attached site visit participant list and questions and answers.

4. **Questions and Answers:**

Question 1: Can you please clarify what size the ribbands are to be? I see one dimension of 101.6 mm, please clarify the width dimension.

Answer 1: The dimension width for the ribband (stringer) on the drawing is 101.6 mm, however after revision, we've determined it is actually 76.2 mm.

By submission of its tender, the Tenderer confirms that it has read and understands the requirements expressed in all addenda and has included all costs of these requirements in its Total Tender Amount.

All other terms & conditions remain unchanged.

Pre Award Site Meeting for project Fort George Dry Ditch **Project PRO – 0001504**

Location: **51 Queens Parade Fort George National Historic Site**

Date: **February 1, 2018**

Start Time: **13:00hrs**

The following questions were asked during the site meeting:

Q) Are there concerns for utilities?

A) PCA to add utilities drawing to package as an addendum and will post to Buy & Sell

Q) As there is a concern for Archeology on the grounds surrounding the designated work areas if it is required who pays for the investigation.

A) The work is to be monitored by the Project Manager or Designate. The contractor is responsible to provide whatever ground protection needed to reduce damage outside of the delineated work areas.

Q) Would PCA accept an alternative material for the pickets?

A) For the purpose of this competitive process contractors should formulate their submission base on the contract documents provided.

Q) Can the pedestrian path be closed or blocked off to allow for movement of material.

A) If there is a requirement to close the path the contractor should notify the Project Manager or Designate at least 24hrs prior to closure and must obtain site approval.

Q) Is there a connection detail for the new palisade and the older existing wall?

A) PCA to post this detail to the Buy & Sell site as an addendum to the drawing package.

Q) Can the corners be a single pour of concrete with 2 posts?

A) Yes as long as the installation maintains the structural performance required and does not compromise the stability of the palisade.

End of questions.

Meeting closed at 14:15hrs
