REQUEST FOR QUOTATION AMENDMENT NO. 001**Request for Quotation Amendment no. 001 is raised for the following reasons:**

Publish Canada's Responses to Bidders' questions.

NOTE: Bidders' questions are numerically sequenced upon arrival at SSC. Bidders are hereby advised that questions and answers for this solicitation may be issued via BuyandSell.gc.ca out of sequence.

Question 1:

Annex A: 6. Four (4) front facing USB 3.1 ports located at top on front panel in one dedicated 5.25" bay with the following requirements:

- a. Dedicated USB 3.1 Host Controller installed on PCI-e expansion card
- b. Each USB 3.1 port to have full bandwidth when each of the four ports are running simultaneously.

Please be advised there is currently no solution for this requirement, a single 5.25" 4 port USB 3.0 front panels are available but not for USB 3.1. Current solution would be a USB 3.1 front panel with 2x USB 3.1 ports that connects directly to USB 3.1 controller on the motherboard.

Answer 1:

In order to give some flexibility, we would be fine with the specs for 6 being amended to the following:

6. Four (4) front facing USB 3.1 ports located on front panel over 2 bays of either 3.5"/5.25" OR a combination of both OR a single 3.5"/5.25" solution.

- a. Dedicated USB 3.1 Host Controller installed on PCI-e expansion card OR a SATAe (SATA Express) interface OR on the mother board.
- b. A minimum of two (2) of the total four (4) USB 3.1 ports to achieve maximum throughput of 10Gbps simultaneously.
- c. A total of four USB 3.1 ports to achieve maximum throughput of 10Gbps simultaneously would be considered an asset requirement pertaining to the above USB 3.1 specifications.

ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR QUOTATION (RFQ) REMAIN UNCHANGED.
