Q1. We have a few questions related to the submission package:

- Appendix B- MR30- Want to confirm upon selection of provider, CCMC will be providing training for CCMC Software platform. Is this correct? Or is existing knowledge/training of the CCMC platform a prerequisite to bid?
- Do you have any details of the CCMC Software platform you can share with us?
- Appendix B- States 300 Factory Audits Combined with Other Audits. Can you provide clarification around what Other Audits includes?
-

A1.

- CCMC will provide training/instruction on use of a web-based platform.
- It will be a web-based platform, using a tablet and PC interface to schedule audits, and receive audit reports.
- These would be audits performed at the same time as an already planned audit for another agency (i.e. ICC-ES, UL, etc.), which can hopefully be performed for less cost, since there is no additional travel needed.
