PROMPT PAYMENT IN THE CONSTRUCTION INDUSTRY

Public Services and Procurement Canada advocates that construction-related payments should follow these three principles:

- **Transparency:** The department will make construction payment information such as payment dates, company names, contract and project numbers, publicly available; likewise, contractors are expected to share this information with their lower tiers
- **Shared responsibility:** Payers and payees are responsible for fulfilling their contract terms including their obligations to make and receive payment, and to adhere to industry best practices
