

Federal Marine Procurement Outlook Session & One-on-One (B2G) Opportunity: 18-20 April 2018 Victoria, British Columbia

Public Services and Procurement Canada (PSPC), with the support of the Department of National Defence (DND), Department of Fisheries and Ocean (DFO) and Canadian Coast Guard (CCG), Transport Canada (TC), Royal Canadian Mounted Police (RCMP), as well as Innovation Science and Economic Development Canada (ISED) will be presenting a federal marine procurement outlook session on Wednesday afternoon April 18th, 2018 (13:15 -17:30 hours) at the Mari-Tech 2018 Conference held this year at the Victoria Conference Center located at 720 Douglas St, Victoria BC V8W 3M7. Building upon last year's resounding success, the session is free of charge, and will provide an overview of upcoming procurements, over the course of the next three years, in areas such as small vessel construction, vessel repair, refit and life extension, in-service support, sustainment, vessel chartering, disposal and other special projects in the realm of marine equipment.

It is PSPC's intent to capitalize on this event to engage industry in a manner consistent with the principles of Smart procurement (Early Engagement, Effective Governance, Independent Advice, and Benefits for Canadians) and offer an opportunity for one-on-one engagement discussions between Government and interested industry parties (G2B) attending the Mari-Tech conference on Thursday April 19th and Friday April 20th. This opportunity should be of particular interest to small and medium marine-focused enterprises wishing to refine their understanding of specific requirements or to showcase their capabilities/capacities. This portion of our program is part and parcel of the Mari-Tech event and as such is open to conference attendees.

We also encourage participants to come and visit PSPC's booth (number 24) and learn more about doing business with Government as well as the CCG booth (number 23) to learn more about their operations and opportunities on Thursday April 19th and Friday April 20th in Mari-Tech's 2018 exhibitor section.

In order to attend the outlook session and/or book an appointment for a G2B meeting, please register on the Mari-Tech 2018 Website at <http://www.mtl8.ca/tickets/>. You may also book at:
