Description of Work:

Health Canada requires the services of four (4) B.7 Business Transformation Architect – L2.

1. Objectives

The Health Products and Food Branch (HPFB) has made significant progress, over the last few years, by investing in modern technologies in order to provide a better service to Canadians. HPFB plans to continue investing in electronic communication which will enable seamless flow of safety-related information efficient communication between medical products sponsors to regulatory authorities.

As such, HPFB requires four (4) experienced Business Transformation Architects to help support the development and implementation (e.g. defining critical success factors, mapping processes, and supporting impact analyses, regulating business tires) of new Investment Plan Projects under integrated system approach.

2. Background

HPFB has adopted the stage-gate project management model and made investments in modern technologies which resulted in major progresses on the following projects: Regulatory Enrolment Process, Application Reduction Roadmaps and High Relevance Environment. HPFB plans to continue investing on strategic transformation and it is assumed that the new set of investment plan projects, from planning to close-out, will span a three (3) year period.

The Business Transformation Architects will be required to comply with Information Technology (IT) infrastructure, improve regulatory process automation and support various projects and sensitive information such as Patent Information Adverse Event Information and Drug Data.

The TBIPS B.7 Level 2 Business Transformation Architect consultants will be required “on an as and when needed” basis. Task Authorizations (TA) will be issued against the Service Outline Agreement to support the various Investment Plan initiatives.

Multiple TAs may be in process at any given time; as such, resources may be working on several concurrent projects and/or activities.

3. Information

Task Authorizations (TA) will be issued against one (1) Service Outline Agreement to support the various Investment Plan initiatives

Bidders must submit one bid for four resources
