## Solicitation Amendment 005

This solicitation Amendment is raised to correct the previous response to Q 031

### Previous response to Q 031

#### “Q 031:

*“We would like to pose the following question regarding sol# M7594-181682/A:*

*would the Crown please change R1 part v) to the following?*

*“The Bidders response must address each of the following characteristics for each of the successful contracts: v) team must include at least 2 of the following resources: Application/Software Architects, Programmer/Analysts, Testers and/or IM Architects””*

#### A 031:

*No, however we will amend the criteria as follows:*

*Throughout the evaluation criteria one of the characteristics that must be addressed for the criteria includes experience with all 4 resource category areas (i) Application/Software Architects, (ii) Testers, (iii) Programmer/Analyst and (iv) IM Architect. This amendment is raised to specify that for mandatory criteria only (not point rated criteria) project experience will be accepted provided the project includes experience with at least 3 of the 4 resource category areas provided that for each criteria ALL of the categories are addressed, this applies to each of the criteria M1 and M2.*

*For example, in any of the affected criteria the following ‘mix’ of experience addresses all 4 of the resource category areas and will be accepted*

*Contract 001 – application/software architects, Testers, IM Architects*

*Contract 002 – Programmer/Analysts, Testers, IM Architects*

*Contract 003 – Application/software architects, Programmer/Analyst, IM Architects”*

*This amendment affects M1v) and M2i) NOT any of the point rated criteria*

### **At Annex D – Bid Evaluation Criteria, M1**

**DELETE:** *v) team must have included Application/Software Architects, Programmer/Analysts, Testers and IM Architects*

**INSERT:** *v) for each of the proposed mandatory 3 contracts the team must have included at least 3 of the following 4 categories provided all 4 categories are present across the 3 mandatory contracts: Application/Software Architects, Programmer/Analysts, Testers and IM Architects*

### **At M2**

**DELETE:** i) *Collaboration with former Application/Software Architects, Programmer/Analysts, Testers and IM Architects*

**INSERT:** i) *for each of the proposed mandatory 3 contracts the team must have included at least 3 of the following 4 categories provided all 4 categories are present across the 3 mandatory contracts: Application/Software Architects, Programmer/Analysts, Testers and IM Architects*

*The change in this criteria does not apply to point rated criteria R1 and R2”*

## **Correction to A 031 :**

### **Delete :**

#### **At M2**
