### SOLICITATION AMENDMENT 003

\*\*\*\*\*  
THE FOLLOWING AMENDMENT TO THE BID DOCUMENTS IS EFFECTIVE IMMEDIATELY. THE  
AMENDMENT SHALL FORM A PART OF THE RESULTING CONTRACT DOCUMENTS.  
\*\*\*\*\*

#### **QUESTIONS AND ANSWERS:**

Q1. In the RFP, estimates for total oily waste removed are 150 m3. The RFP also calls for temporary storage 'over and above' the estimated 150 m3 for 200 m3. Is that to say Bidders must have 200 m3 of temporary storage on hand or 350 m3 of temporary storage? (Item 19 - Considerations)

**A1. 200m<sup>3</sup>**

Q2. The RFP calls for a lump sum disposal cost (Annex B - 2). For the purpose of the lump sum amount, is the RFP requesting we plan for 150 m3 of waste disposed of or a different amount? If a larger volume is recovered above the 150 m3, will additional disposal costs be paid above and beyond the initial lump sum price submitted for disposal?

**A2. Plan for waste disposal up to the 200m<sup>3</sup> as identified in item 19 - Considerations.**

Q3. What is the expectation for video footage in high definition with voice over throughout? Is it the entire operation; representative video of an agreed upon length of each tank; representative video taken each day?

**A3. All sub-surface operations.**

Q4. Please confirm an Environmental Assessment is not required pursuant to Newfoundland & Labrador *Environmental Assessment Regulations* under the *Environmental Protection Act*.

**A4. An environmental assessment is not required.**

Q5. Please confirm whether the area of the Manolis L ship wreck is federal or provincial jurisdiction and whether a S.67 assessment under the Canadian Environmental Assessment Act (CEAA) was required, and either completed or underway? If so, can we obtain a copy of the assessment report?

**A5. The area of the ship wreck is provincial jurisdiction. An assessment was not required.**

CCC No./N° CCC - FMS No./N° VME

---

Q6. Should the costing for an operational day be added as an extra cost line in Annex "B" – Basis of Payment, or would this replace item 4? Would the total Bid Amount requested in Annex "B" be in relation to the total amount for items 1-5? Or should this only be for items 1-3?

**A6. The cost for operational days is in addition to the other 4 line items, and the total of all 5 line items will make up the total bid amount.**

Q7. With the vessel laying upside down, subsea installation penetrating heater through drilled hottap hole bottom plate is very limited, due to the presence of bottom grid heating coils from the tank itself. Could you please provide details of the grid heating coils? (e.g. location, spacing, distance from bottom, diameter)

**A7. All available information has been supplied with the RFP documentation.**

Q8. Please specify the paraffine percentage of the subject HFO bunker C.

**A8. All oil analysis data has been supplied with the RFP documentation, Resolve Report.**

**All other terms and conditions remain unchanged.**
