ADDENDUM #001:

The following changes to the tender documents are effective immediately and will form part of the contract documents:

CLARIFICATIONS

Architectural

Refer to drawings Architectural sheet A120 and Electrical sheet EP2.1 Add steel stud framing and gypsum wall board to furr out existing stair wall within Room 220 to accommodate new power and data outlets.

Mechanical

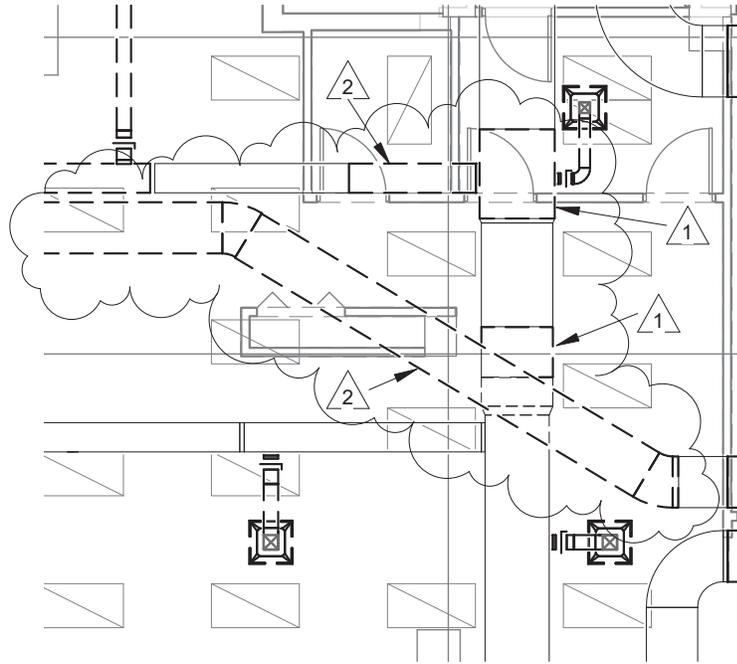

Refer to attached Mechanical RDM-01 and RDM-02. Revision cloud indicates area of changes to the original drawing set. All other items not tagged are to remain as per construction documents.

QUESTIONS & ANSWERS

Q1 I was looking at the drawings for this project and was wondering if there was a requirement for a Security Systems contractor or if you had one already? As well, I wanted to clarify that this is a different project from SAS-101 Fit-Up?

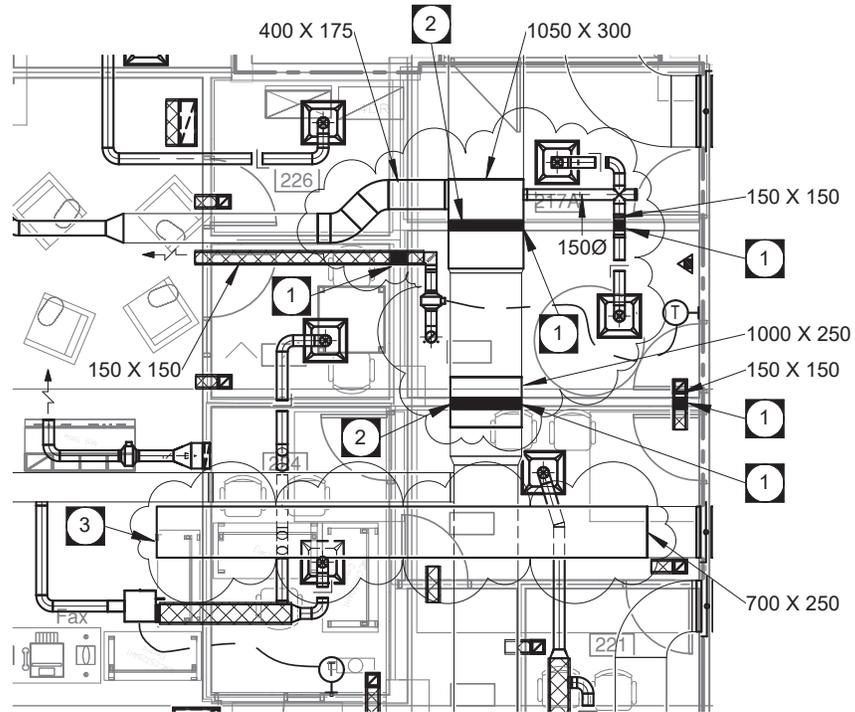

A1 A Security Systems contractor will not be required. General Contractor shall coordinate their work with End User's security contractor. The SAS-101 Fit-Up is a different and separate project.

END OF AMENDMENT
