AMENDMENT 002

The purpose of this amendment is to answer questions from suppliers. All other terms and conditions remain unchanged.

# E	Document	Ref. Page	Section	Question	DND Response	Revision to RFP
9E	RFP	1 of 26	Note.	Do we need to remake the styles with the new fabric and submit the testing with it? Or can we use the very same we submitted in the way of styling and give two meters of the new fabric with all the testing needed?	A previous Bidders uniform can be used for styling; however, each uniform must be a complete standalone bid. It must be clearly identified which parts of the previous bid are being used and what is new. Where a new fabric is submitted, that was not submitted in the previous bid, then associated test records are required. Phase IIA Trial uniforms must be sewn with the new fabric as for the previous bid.	Nil.
10E	RFP	1 of 26	Note.	If we submit a new tender with the new fabric to be assessed, is the previous tenders we submitted as is can be considered to be assessed as well or the new submission will cancel the previous ones.	Where the Bidder wishes the previous bid to be considered, DND must be informed. A new bid does not affect the choice of the Bidder to re-assess the previous bid; however, each bid (new and previous) must stand alone and parts of the previous bid, if being re-assessed, cannot be used as part of the new bid.	Nil.
11E	Annex D	3 of 8	3.2 (d) & (f)	In regards of the testing for the new fabric, can we use testing from the supplier for the required table on the tender as the supplier testing are tested under the American testing method, and if whatever testing are missing for the table we can test in a credited LAB in Canada?	The requirements for material test results are detailed in Annex D Section 3.2 (d) & (f). There is no requirement for the accredited laboratory to be in Canada.	Nil.
12E	Annex D	3 of 8	3.2(f)	The tender calls for two years old testing from the original manufacture for the Material and only six month if the testing and C of C's are from a third Party. The C of C's we have submitted previously are over six months old, do we need new ones.	Test results within 6 months of the original bid submission are acceptable for previous bids. The requirements of section 3.2 (f) apply to new bids from date of current bid submission.	Nil.
13E	Annex D	3 of 8	3.4(f)a.i	Afterflame.	DND has removed the requirement for Afterflame.	Delete: "Flame Resistance (Afterflame and No Melt No Drip)". Insert: "Flame Resistance (No Melt No Drip)".
