TITLE: Microbiology Testing of Food

The purpose of this amendment is to revise Mandatory Technical Criteria M3^{PB} and Attachment 3 to respond to questions received from Offerors.

1. At page 21 of 113, article 1.2.1 Mandatory Technical Criteria, Item M3^{PB}:**DELETE:**

Organism	Mandatory Method(s)
Enterobacteriaceae	ISO 21528-1:2017 (mandatory) ISO 21528-2:2017 (mandatory) ISO 7218:2007/Amd.1:2013 (mandatory)

INSERT:

Organism	Mandatory Method(s)
Enterobacteriaceae	ISO 21528-1:2017 (mandatory) ISO 21528-2:2017 (mandatory)

2. At page 113 of 113, Attachment 3 - RFSO Questions and Answers:

INSERT: Q17. 1. Is the Civic Number requested in the RFSO the Building number of the physical location?

A17. Yes, A civic address is a combination of a building number (which sometimes includes a unit number, suite number etc.) a street name (which can include a prefix direction, name, suffix and type) and the lowest legally recognized jurisdiction.

Q18. For Enterobacteraceae - ISO 7218:2007 /Amd 1:2013 is a reference document to use for calculating data for the other two ISO methods: ISO 21528-1: 2017 and ISO 21528-2: 2017. Since ISO 7218:2007 /Amd 1:2013 is a reference document, it is not possible to provide verification package for it. Could you please clarify whether it is satisfactory for the RFSO requirements (M4^{PB}) to submit verification packages for ISO 21528-1: 2017 and ISO 21528-2: 2017 only?

A18. ISO 7218:2007 /Amd 1:2013 is a reference document to use alongside ISO methods ISO 21528-1: 2017 and ISO 21528-2: 2017 when reporting values for quantitative methods, as it includes all applicable tables for Most Probable Number (MPN) calculations, counting conventions, etc. It is acceptable to provide verification packages for ISO 21528-1: 2017 and ISO 21528-2: 2017 only, noting all results would need to be calculated using ISO 7218:2007 /Amd 1:2013 as the reference. Offerors are not expected to submit a separate verification package for ISO 7218:2007 /Amd 1:2013.

THERE ARE NO OTHER CHANGES TO THIS SOLICITATION
