AMENDMENT 001

This amendment is being raised to add the following Supplementary Conditions (SC) to solicitation 5P201-18-0024/A:

A. UNDER SUPPLEMENTARY CONDITIONS (SC), ADD:

SC03 ASPHALT CEMENT PRICE ADJUSTMENT

1. The price of asphalt cement incorporated into hot mix asphalt shall be adjusted for each month in which paving occurs when the price index for that month differs by more than 5% from the price index for the month prior to bid closing. The price adjustment shall be calculated in accordance with the applicable price adjustment formula of paragraph 2.
2. Price Adjustment formulae:
 - a. When the price index, for the month in which paving occurs, is higher than 105% of the price index for the month prior to bid closing, Canada shall pay the Contractor a compensation of:
(Example based on a 5% increase)
$$PA = (IM - 1.05 IB) \times \text{quantity of asphalt cement in tons}$$
 - b. When the price index, for the month in which paving occurs, is less than 95% of the price index for the month prior to bid closing, Canada shall deduct an amount from the monthly payment to the Contractor of:
(Example based on a 5% decrease)
$$PA = (.95IB - IM) \times \text{quantity of asphalt cement in tons}$$

PA = payment adjustment for asphalt cement, in dollars

IB = asphalt cement price index for the month prior to bid closing

IM = asphalt cement price index for the month in which paving occurs

The price index shall be calculated using the rack prices published monthly by Nova Scotia Transportation and Infrastructure Renewal, as displayed on their web site: <https://novascotia.ca/tran/trucking/rackprice.asp>. This price index shall be used to calculate the adjustment per tonne of applicable grade of asphalt cement accepted into the Work.

3. For each month in which a payment adjustment is made, Canada shall use the fixed asphalt cement content of the final job mix formula to determine the asphalt cement quantity that is used.
4. The payment adjustments shall be made on the monthly Request for Progress Payment form for the months in which hot mix paving occurs.

All other terms and conditions remain the same.
