Amendment 004 to Solicitation No. ET025-182027/A is raised to address the following questions from the industry:

1. **Q1:** Under Appendix 1 - Mandatory Technical Criteria, the height range specified is 22" to 48". Can you confirm if the specified range is with or without the finish top?  
**A1:** The range is with the finish top.
2. **Q2:** Are the 2 height adjustable tables to be attached and to be moving in unison? Or are the height adjustable tables to be separate?  
**A2:** 2 height adjustable tables to be separate.
3. **Q3:** Item 4.1.1 calls for the height adjustment range to be 22" at the lowest point. BIFMA G1 ergonomic standard calls for the unit's height adjustment range to be 22.6" at the lowest point. Is a height adjustment range of 22.6" (inclusive of top thickness) at the lowest point acceptable?  
**A3:** Yes, this is acceptable.
4. **Q4:** Is there going to be a pedestal under any of the tables that could possibly interfere with the lowest point height adjustment position?  
**A4:** There is a mobile pedestal that can be moved anywhere in the workstation, not necessarily under the tables.
5. **Q5:** How many days are given for installation i.e. when do the installers have access to the site?  
**A5:** Anticipate 2-4 days for installation but to be confirmed by installer and June 8th has been scheduled for access to site.
6. **Q6:** Can the tables be as one piece, in the same size as 2 separate units or do they have to be 2 separate tables?  
**A6:** 2 separate tables.
7. **Q7:** Can you please elaborate on requirement 4.1.6 "Install hardware with metal-to-metal connection"? Would this not restrict positioning? Is this required when the tops are high pressure laminate with high density substrate?  
**A7:** This is to ensure that hardware is securely fastened. No, not necessarily as long as top is installed on base properly and is structurally sound.
8. **Q8:** Is there a specific kind of vertical wire management required in 4.1.8?  
**A8:** No, provide available wire management that works with height adjustable tables.

**All other terms and conditions remain the same.**
