The following is in response to inquiries received in relation to this solicitation. This amendment will form part of the contract documents.

Question 1

Please clarify the following regarding Amendment No. 006:

SRE 3.2.6.2 “What the Proponent should provide for each hypothetical project” does not list a requirement to submit a construction cost estimate as part of the proposal submission response to the hypothetical projects. Please confirm our interpretation that if awarded the RFSO, construction cost estimates will be prepared as part of the scope of work for each call-up during execution of the work. Answer 2 in Amendment No. 006 “Hence, only construction costs are requested” is misleading as it implies that construction cost estimates are to be included in the proposal for each hypothetical project.

Answer 1

Please refer to SRE 3.2.6.2 “Hypothetical Projects” **and** the sections “Engineering Services Required” for each hypothetical project (1, 2 and 3) for a detailed description of the hypothetical services requested.
