Solicitation Amendment 002 is being issued to respond to question received on solicitation No. 23440-181318/A

Question 1: For Area 2, at Rat Portage 38A there are a significant number of leased lots which front on the lake. Do the boundaries of each leased lot where they intersect the water need to be retraced and the intersections of the flood contour and said boundaries monumented so that the flooding easement within each leased lot is quantified?

Response 1: The underlying and adjacent lot fabric have to be shown on the easement plans. Sufficient lot fabric has to be established or re-established to enable the accurate locating of the underlying fabric

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME AND IN FULL EFFECT
