AMENDMENT 001

This amendment is being raised to respond to questions submitted in response to solicitation 5P201-18-0045/A:

1. QUESTIONS AND ANSWERS

Q1. How will we scale the material. By the load, survey before, or survey the pile of debris after trucked.

A1. Unclassified Excavation will be paid by the cubic metre of material removed. Measured quantity for payment shall be the difference between existing grade and the lines and grades as noted on the drawings or as directed by the Departmental Representative. Final quantity to be confirmed against final as-built survey to be provided by the Contractor.

Q2. Where does the debris have to go. There is a pit nearby that has been used previously to dump unwanted material, but it is on parks property.

A2. The waste material will have to be dumped outside the park.

Q3. Does surveyor have to be on site, or Surveyed at beginning and at end of project?

A3. Survey as per specifications.

By submission of its Bid, the Bidder confirms that it has read and understands the requirements expressed in all addenda and has included all costs of these requirements in the Total Tender Amount.

ALL OTHER TERMS AND CONDITONS REMAIN THE SAME.
