Addendum 3

This addendum is integral part of the invitation to tender.

Questions:

We are working on our submission for the above project and we are a masonry company.

1-during the site visit, on April 11, 2018, the information provided on the work schedules was that the work could be done according to a regular schedule during the day, however in the framed text on drawing A-010, Phase I works of masonry, it is indicated that the work of the main entrance as well as the north and south facades must be done outside the hours of operation. Can you clarify please? Working outside the hours of operation generates significant costs.

Answer: Clarification already made to Addendum 2.

2- I would also like to know if the dismantling of the masonry coping for relocation must be carried out by the bricklayer or by the demolition contractor (note 4.5 A-010)

Answer: It is to coordinate between the mason and the general contractor. Professionals do not dictate how the general contractor organizes the realization of the scope of work.

3- I would like to know if it is up to the mason to dismantle the interior brick facing for relocation (note 4.5 A-010)

Answer: It is to coordinate between the mason and the general contractor. Professionals do not dictate how the general contractor organizes the realization of the scope of work.

All other terms, clauses and conditions remain unchanged
