

AMENDMENT 003

CSPS-RFP-18LL-1702

To all Offerors:

The purpose of this amendment is to give effect to the following:

Questions and Answers

Question # 9:

Regarding mandatory criterion MT2 and rated criterion RT5, the Crown is requesting that Bidders only use projects within the last 5 years. This is very limiting for resources who have delivered training courses throughout their career. As a result, the Crown risks eliminating highly capable and qualified individuals. Would the Crown consider accepting resources with experience delivering training within the last 15 years?

Answer # 9:

To clarify, both MT2 and RT5 request that Bidders demonstrate that each proposed resource has delivered a specific number of training days (20 training days for MT2 and 6 training days for RT5) within the last five (5) years, not projects within the last 5 years.

Therefore, CSPS does not find this criteria limiting. Both criteria remain unchanged.
