QUESTIONS and ANSWERS

2. Question from Bidder:

If the project is to start on July 16 2018, will the existing boat ramp be out of commission ?
The dyke required to construct the new boat ramp will pass through the existing boat ramp

DFO Answer 02:

The existing boat ramp will not be out of commission until the new ramp is completed. The dyke required to construct the new boat ramp must be constructed accordingly.

3. Question from Bidder:

In the plans am I reading that bedrock hard bottom will be encountered approximately 1 to 1.5m above dredge and excavation limits on the lower end of the launching ramp?

DFO Answer 03:

Refer to drawing M4 for borehole records.

All other terms and conditions remain unchanged.
