**At page 4, Article 4. Requirement Description of the Request for Information – Part 2 at Amendment 026 of the RFI:**

**DELETE:** The objective of the National Coverage Imagery (this procurement) is for Canada to acquire a three year licence to high-resolution optical satellite imagery covering the entire landmass of Canada accessed through the Web.

The National Coverage Imagery will be used by Canada’s scientists, professionals and technicians. It will provide the intelligence required for evidence-based decision-making. Moreover, the implementation of the National Coverage Imagery will provide up-to-date and accurate imagery that will lead to a vast array of applications such as: detection and collection of key detailed land surface features (urban areas, transport/energy networks, lakes and rivers, crop yield mapping), background imagery as well as multi-temporal analysis.

**INSERT:** The objective of the National Coverage Imagery (this procurement) is for Canada to acquire a 1-year licence with two 1-year option periods to high-resolution optical satellite imagery covering the entire landmass of Canada accessed through the Web.

**DELETE:**

**Q3.3** For the National Coverage Imagery, of the Draft Statement of Work for Industry Comments – Revision 2. Could you provide (confidential and non-binding) cost estimates for a 3-years contract for the National Coverage Imagery? One price for Government of Canada, one price for each of the 13 provinces and territories and one price for each of the 13 provinces and territories including the right to share the Standard Imagery with the municipalities (27 cost estimates in total). If you are presently unable to provide this level of detail, please provide the following three cost estimates: one for the Federal Government; one for the provinces and territories; and, one for the provinces and territories including the right to share the Standard Imagery with the municipalities. Canada anticipates that the budget for this procurement may be limited, and this information from industry is required for planning purposes.
