**F5211-180139  
Vessel Charter - 4Vn Stratified Random Fixed Gear Survey**

**Question #2**

We have 3 vessels out of the 4 required. Must we list all 4 or can we choose the 4th one after (and if) we win the contract?

**Response #2**

As per the RFP, 4 vessels are required to carry out the duties of the survey. To ensure that the Contractor has the capacity to complete the required work, the potential bidder must list all 4 vessel names and registered owners at the time of bid closing.
