1. To encourage employers to participate in apprenticeship training, Bidders, bidding on construction and maintenance contracts by Public Works and Government Services Canada (PWGSC) are being asked to sign a voluntary certification, signaling their commitment to hire and train apprentices.
2. Canada is facing skills shortages across various sectors and regions, especially in the skilled trades. Equipping Canadians with skills and training is a shared responsibility. Contractors have an important role in supporting apprentices through hiring and training and are encouraged to certify that they are providing opportunities to apprentices as part of doing business with the Government of Canada.
3. The Government of Canada is encouraging apprenticeships and careers in the skilled trades. In addition, the government offers a tax credit to employers to encourage them to hire apprentices. Information on this tax measure administered by the Canada Revenue Agency can be found at: www.cra-arc.gc.ca. Employers are also encouraged to find out what additional information and supports are available from their respective provincial or territorial jurisdiction.
4. Signed certifications on page 2 of 2 will be used to better understand contractor use of apprentices on Government of Canada maintenance and construction contracts and may inform future policy and program development.
5. The Contractor hereby certifies the following:

In order to help meet demand for skilled trades people, the Contractor agrees to use, and require its subcontractors to use, reasonable commercial efforts to hire and train registered apprentices, to strive to fully utilize allowable apprenticeship ratios * and to respect any hiring requirements prescribed by provincial or territorial statutes

The Contractor hereby consents to this information being collected and held by PWGSC, and Employment and Social Development Canada to support work to gather data on the hiring and training of apprentices in federal construction and maintenance contracts.

To support this initiative, a voluntary certification signaling the Contractor's commitment to hire and train apprentices is available at page 2 of 2.

ANNEXE C - Set-aside under the Federal Government's Procurement Strategy for Aboriginal Business (PSAB)

This procurement initiative is reserved for beneficiaries of the following Comprehensive Land Claims Agreement (CLCA) titled the James Bay and Northern Quebec Agreement (JBNQA) as defined in chapter 28, clauses 28.10.3 and chapter 29, clause 29.0.31 of this Agreement.

This procurement initiative is excluded from international trade agreements under the provisions each agreement has set for small and minority businesses.

Further to Article 800 of the Canadian Free Trade Agreement on Internal Trade (CFTA), the CFTA does not apply to this procurement process.

This procurement initiative is reserved for individuals defined as "Inuit", as defined in chapter 3 of the JBNQA (paragraphs 3.1.2, 3.2.4, 3.2.5 and 3.2.6). In respect to aboriginal Inuit business, they must be located to the north of the 55th parallel, as described in chapter 6 of the JBNQA. Proponents must sign and complete the document entitled "Attestation for Program of Reserved Contracts for Aboriginal people" (see annex C of the present document), understood here as aboriginal Inuit businesses.

The request conforms to Contracting policy 2008-4 of the Treasury Board which states that it is required, in the case of projects in the specified areas, to make use of invitation to tender with an integral respect to Canada's obligations, namely conducting acquisitions in a way that creates opportunities for the aboriginal groups represented within the framework of the JBNQA.

However, if it occurred that the offer submitted by a targeted group did not adequately respond to the requirements of the request or was deemed to be above the estimated cost of the project according to a judicious evaluation of the budget, a generalized call for tenders might be required.

The "Certification Requirements for the Set-Aside Program for Aboriginal Business" is contained in Appendix "C" entitled "Requirements for the Set-Aside Program for Aboriginal Business", and this certification shall be submitted with the proposal. It is a precondition for the submission to be declared valid that this certification be accurately completed. Failure to complete and submit the Certification with the proposal shall render the proposal non-compliant.

By executing the certification, the Bidder represents and warrants that it is an Aboriginal business as defined in the Set-Aside Program for Aboriginal Business.

The Bidder acknowledges that the PWGSC relies upon such representation and warranty to evaluate bids and shall rely upon such representation and warranty to enter into any contract resulting from this request. Such representation and warranty of the certification may be verified in such manner as PWGSC may reasonably require.

Should a verification by PWGSC disclose a breach of such representation and warranty, PWGSC shall have the right to disqualify the bid or to treat any contract resulting from this bid as being in default and render it subject

SET-ASIDE UNDER THE PROCUREMENT STRATEGY FOR ABORIGINAL BUSINESS / CERTIFICATION

Bidders must submit the following duly completed certifications as part of their proposal.

Aboriginal Business Certification

1. The Contractor warrants that its certification of compliance is accurate and complete and in accordance with the "Requirements for the Set-aside Program for Aboriginal Business" detailed in [Annex 9.4](#) of the *Supply Manual*.
2. The Contractor must keep proper records and documentation relating to the accuracy of the certification provided to Canada. The Contractor must obtain the written consent of the Contracting Authority before disposing of any such records or documentation before the expiration of six years after final payment under the Contract, or until settlement of all outstanding claims and disputes, under the Contract, whichever is later. The supplier must certify in its submitted bid that it is an Aboriginal business or a joint venture constituted as described above.
2. Are there any other requirements attached to suppliers in the Set-Aside Program for Aboriginal Business?

Yes

 - a. In respect of a contract, (goods, service or construction), on which a supplier is making a proposal which involves subcontracting, the supplier must certify in its bid that at least thirty-three percent of

the value of the work performed under the contract will be performed by an Aboriginal business. Value of the work performed is considered to be the total value of the contract less any materials directly purchased by the contractor for the performance of the contract. Therefore, the supplier must notify and, where applicable, bind the subcontractor in writing with respect to the requirements that the Aboriginal Set-Aside Program (the Program) may impose on the subcontractor or subcontractors.

- b. The supplier's contract with a subcontractor must also, where applicable, include a provision in which the subcontractor agrees to provide the supplier with information, substantiating its compliance with the Program, and authorize the supplier to have an audit performed by Canada to examine the subcontractor's records to verify the information provided. Failure by the supplier to exact or enforce such a provision will be deemed to be a breach of contract and subject to the civil consequences referred to in this document.

- 3. How must the business prove that it meets the requirements?
 - a. It is not necessary to provide evidence of eligibility at the time the bid is submitted. However, the business should have evidence of eligibility ready in case it is audited.
 - b. The civil consequences of making an untrue statement in the bid documents, or of not complying with the requirements of the Program or failing to produce satisfactory evidence to Canada regarding the requirements of the Program, may include: forfeiture of the bid deposit; retention of the holdback; disqualification of the business from participating in future contracts under the program; and/or termination of the contract. In the event that the contract is terminated because of an untrue statement or non-compliance with the requirements of the Program, Canada may engage another contractor to complete the performance of the contract and any additional costs incurred by Canada shall, upon the request of Canada, be borne by the business.
- 4. What evidence may be required from the business?
 - a. Ownership and control
 - i. Evidence of ownership and control of an Aboriginal business or joint venture may include incorporation documents, shareholders' or members' register; partnership agreements; joint venture agreements; business name registration; banking arrangements; governance documents; minutes of meetings of Board of Directors and Management Committees; or other legal documents.
 - ii. Ownership of an Aboriginal business refers to "beneficial ownership" i.e., who is the real owner of the business. (See [Appendix A Set-aside Program for Aboriginal Business](#) for a list of the factors, which may be considered by Canada.)
 - b. Employment and employees

- i. Where an Aboriginal business has six or more full-time employees at the date of submitting the certification and is required by Canada to substantiate that at least 33 percent of the full-time employees are Aboriginal, the business must, upon request by Canada, immediately provide a completed Owner/Employee Certification form for each full-time employee who is Aboriginal. See SACC Manual clauses [A3001T](#), [M3030T](#) or [S3036T](#), as appropriate.
 - ii. Evidence as to whether an employee is or is not full-time and evidence as to the number of full-time employees may include payroll records, written offers for employment, and remittance and payroll information maintained for Canada Revenue Agency purposes as well as information related to pension and other benefit plans.
 - iii. A full-time employee, for the purpose of this program, is one who is on the payroll, is entitled to all benefits that other full-time employees of the business receive, such as pension plan, vacation pay and sick leave allowance, and works at least 30 hours a week. It is the number of full-time employees on the payroll of the business at the date of bid submission that determines the ratio of Aboriginal to total employees of the business for the purpose of establishing eligibility under the Program.
 - iv. Owners who are Aboriginal and full-time employees who are Aboriginal must be ready to provide evidence in support of such status. The Owner/Employee Certification to be completed by each owner and full-time employee who is Aboriginal shall state that the person meets the eligibility criteria and that the information supplied is true and complete.
