This amendment is raised to address the following:

- To respond to questions received during the solicitation period.

Q4) There does not appear to be a normal window schedule. It just says, "site measure" by the window diagram. Am I reading that correct?

R4) Window schedule, "site measure" is correct.

Q5) The Specs call for roller shades and aluminum louver blinds, but do not indicate which windows need which blinds. I cannot find a "window covering schedule" in any of the attachments. May I request one?

R5) There is no window covering schedule, the TP2 Drawing shows details of which window is a roller shade as well as which window is louver blind.

Q6) Some of my subcontractors cannot make the walk-thru. Is there a chance to arrange a second one on another day?

R6) No, additional site visits are being offered at this time.
