### **1.4 Procurement Ombudsman**

You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at [boa.opo@boa.opo.gc.ca](mailto:boa.opo@boa.opo.gc.ca). You can also obtain more information on the OPO services available to you at their website at [www.opo-boa.gc.ca](http://www.opo-boa.gc.ca).

## **PART 2 - BIDDER INSTRUCTIONS**

### **2.1 Standard Instructions, Clauses and Conditions**

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by the RCMP, any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2017-04-27) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: one hundred and eighty (180) days

### **2.2 Submission of Bids**

Bids must be submitted only to Royal Canadian Mounted Police (RCMP) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation. Bids sent directly to the Contracting Authority will not be considered.

Due to the nature of the bid solicitation, bids transmitted by facsimile or by email to the RCMP will not be accepted.

#### **PLEASE NOTE:**

**Bidders may submit more than one (1) bid per solicitation; however multiple bids must be submitted in separate bid packages.**

### **2.3 Enquiries - Bid Solicitation**

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days before the bid closing date**. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

### **2.4 Applicable Laws**

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive, RCMP Corporate Accounting is promoting the registration of RCMP suppliers for the upcoming change in the payment process.

If you are the successful bidder on this or any other RCMP requirement, you are encouraged to register with the RCMP for direct deposit. Please contact RCMP Corporate Accounting by email to receive a form entitled *Recipient Electronic Payment Registration Request* along with instructions for completion of the form.

Should you have any questions regarding the Cheque Standardization Project or if you want to register, please contact the following email: [corporate\\_accounting@rcmp-grc.gc.ca](mailto:corporate_accounting@rcmp-grc.gc.ca)

## **PART 3 - BID PREPARATION INSTRUCTIONS**

### **3.1 Bid Preparation Instructions**

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (1 hard copy)  
Section II: Financial Bid (1 hard copy)  
Section III: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duo tangs or binders.

**Section I: Technical Bid**

All bids must be completed in full and provide all of the information requested in the bid solicitation to enable full and complete evaluation.

**Section II: Financial Bid**

Bidders must submit their financial bid in accordance with Annex A – Requirement and Basis of Payment. The total amount of Applicable Taxes is excluded.

**3.1.1 Exchange Rate Fluctuation**

SACC Manual Clause C3011T (2013-11-06), Exchange Rate Fluctuation

**Section III: Certifications**

Bidders must submit the certifications required under Part 5.

**PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

**4.1 Evaluation Procedures**

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- (c) The evaluation will be conducted in phases:
  - (i) Phase I: Mandatory Technical Evaluation (Article 4.1.1 of the solicitation)
  - (ii) Phase II: Financial Evaluation (Article 4.1.2 of the solicitation)

**4.1.1 Phase I: Mandatory Technical Evaluation**

**4.1.1.1 Mandatory Technical Criteria – Pre-Contract Award Sample**

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, one (1) pre-contract award sample of the following item(s) will be required:

<b>ITEM:</b>	<b>SIZE:</b>	<b>RCMP STOCK#</b>
MATTRESS PRISONER HIGH RISK	ONE SIZE	11047

Reference RCMP Specification G.S. 1045-279 dated 2017-10-23

The Bidder must ensure that the required Pre-Contract Award Sample(s) is manufactured in accordance with the technical requirement (unless specification waivers or substitutions have been permitted by the RCMP for the Pre-Contract Award Sample(s) and have been identified herein) and are fully representative of the bid submitted. Rejection of the Pre-Contract Award Sample(s) will result in the bid being declared non-responsive.

The Pre-Contract Award Sample(s) must be clearly identified as such and have the following information: the solicitation number, the name of the company that submitted the sample and the RCMP Stock# 111047.

A RCMP viewing sample(s) will be provided to Bidders who are requested to provide Pre-Contract Award Sample(s) and is to be used for guidance for all factors not covered by the RCMP Specification G.S. 1045-279 dated 2017-10-23. The RCMP Specification will govern.

The viewing sample (s) should be returned to the RCMP with the Pre-Contract Award Sample(s). The viewing sample(s) is not to be damaged or cut, but returned in the same condition as sent to the Bidder. If the viewing sample(s) is not returned with the Pre-Contract Award Sample(s), the Bidder will have seven (7) calendar days upon written notice from the Contracting Authority to return the viewing sample(s). Failure to return the viewing sample(s) within that timeframe will result in the bid being declared non-responsive. If the Bidder elects not to submit a Pre-Contract Award Sample(s), the viewing sample(s) must be returned to the RCMP within seven (7) calendar days of the written request from the Contracting Authority. Lost or damaged viewing sample must be reimbursed to the RCMP for the cost of an acceptable replacement.

The Pre-Contract Award Sample(s) will be evaluated for quality of workmanship and conformance to specified materials and measurements. Minor observations will not be a reason to reject the sample unless, in the opinion of the technical evaluator, they are considered to render the items unserviceable. However, only one deviation will result in the bid being declared non-responsive.

#### **4.1.1.2 Mandatory Technical Criteria – Certificate of Compliance**

##### **4.1.1.2.1 Definition**

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component or requirement adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification number and paragraph number. It must specifically address the component or requirement and compliance can be shown by referring to a part number, by providing the component values, by providing a manufacturing data sheet to show technical compliance or by a description stating compliance to the requirement. In-house testing is acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component or requirement. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the paragraph numbers and components are clearly identified. With this document, the bidder certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.

The Bidder is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

##### **4.1.1.2.2 Original Version**

The RCMP reserves the right to request the original version of any Certificate of Compliance provided by the Bidder. The original Certificate(s) of Compliance must be received by the RCMP within three (3) calendar days upon written notice from the Contracting Authority. Failure to provide the original Certificate(s) of Compliance within that timeframe may result in the bid being declared non-responsive.

##### **4.1.1.2.3 Certificate(s) of Compliance**

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated within 18 months of the solicitation posting date.

Reference RCMP G.S. 1045-279 dated 2017-10-23

- a) Foam Cushioning, paragraph, 4.1.1 & Table I of the Specification.
- b) Mattress Cover, paragraph 4.1.2 Table II of the Specification. Data sheet(s) detailing basic properties of the material such as weight, fibre content, and construction or test reports is required.

**4.1.1.3 Mandatory Technical Criteria – Test Report**

**4.1.1.3.1 Definition**

Test report documents signed and dated by an independent, third-party accredited laboratory acceptable to the RCMP must include the test method, test conditions and test results performed to verify requirements as specified in this specification. Testing for each table must be performed in its entirety on the same garment and/or piece of material to adhere to all specified test methods and conditions.

**4.1.1.3.2 Test Report(s)**

A Test Report for each of the following properties is required. The report(s) must be dated within 12 months of the solicitation posting date and all tests must be performed on the same material within a two week period.

- c. Foam Cushioning, requirement 5 from Table I of the Specification.
- d. Mattress Cover, requirement 6 from Table II of the Specification.

Reference RCMP G.S. 1045-279 dated 2017-10-23

**4.1.1.4 Mandatory Technical Criteria – General Information**

The Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) and Compliance and Test Report (s) will be required after the bid closing date, upon a written request from the Contracting Authority, from bidders with the lowest evaluated price. Should these bidders not be technically compliant, bidders with the next lowest evaluated price will be requested to submit Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s), and so on until a technically compliant bid is found.

The Bidders must deliver the required Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificates(s) of Compliance and Test Report (s) at no cost to Canada.

The address to which the Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s) must be delivered will be provided in the written request from the Contracting Authority.

The due dates are as follows:

<b>Technical Requirement</b>	<b>Due Date</b>
Pre-Contract Award Sample(s)	within 28 calendar days from request
Certificate(s) of Compliance	within 28 calendar days from request
Test Report(s)	within 28 calendar days from request

Canada may consider an extension to the above due dates in the following cases:

- a. Prior to bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request in accordance with Article 2.3 Enquiries - Bid Solicitation in Part 2 and the request is deemed reasonable at Canada's sole discretion; and/or
- b. After bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request no later than five (5) calendar days before the original Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s) due date and the request is deemed reasonable at Canada's sole discretion.

If an extension is granted by Canada after bid closing for any or all of the technical requirements, all Bidders who have been asked to submit a Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s) will be given the same extension.

Failure to submit the required Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s) by the original due date or the extension due date, if one is granted, will result in the bid being declared non-responsive. The sample(s), certificate(s) and report(s) submitted by the bidders will remain the property of Canada.

The requirement for a Pre-Contract Award Sample(s) with any applicable waivers and substitutions, Certificate(s) of Compliance and Test Report(s) will not relieve the successful bidder from submitting a sample(s) and/or a certificate(s) and/or test report(s) as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.

#### **4.1.2 Phase II: Financial Evaluation**

The price of the bid will be evaluated in Canadian dollars, the Applicable Taxes excluded, Deliver Duty Paid (DDP) Destination (as identified in Annex A, Incoterms 2010, transportation costs and unloading at destination included, Canadian customs duties and excise taxes included.

#### **4.2 Basis of Selection**

- 4.2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory technical criteria to be declared responsive.
- 4.2.2 The responsive bid with the lowest evaluated price will be recommended for award of a contract (1 contract only).

## **PART 5 - CERTIFICATIONS**

Bidders must provide the required certifications and documentation to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default in carrying out any of its obligations under the Contract, if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

### **5.1. Certifications Required Precedent to Contract Award and Additional Information**

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

#### **5.1.1 Integrity Provisions**

In accordance with the *Ineligibility and Suspension Policy* (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process:

- Declaration of Convicted Offences (as applicable)
- Required Documentation

#### **5.1.2 Federal Contractor's Program for Employment Equity – Bid Certification**

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list ([http://www.labour.gc.ca/eng/standards\\_equity/eq/emp/fcp/list/inelig.shtml](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)) available from [Employment and Social Development Canada \(ESDC\) - Labour's](#) website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](#)" list at the time of contract award.

### **5.1.3 Additional Certifications Precedent to Contract Award**

#### **5.1.3.1 Sample and Production Certification**

The Bidder certifies that:

- ( ) The manufacturer that produced the Pre-Contract Award Sample(s) will remain unchanged for the Pre-Production Sample(s), Production Sample(s), full production of the firm quantity and full production of the option(s), if exercised.

With this document, the Contractor certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.
