Solicitation Amendment 004 is being raised to answer questions from potential bidders as follows:

Delete in its entirety

Solicitation Amendment 003

Questions and Answers 4, 5, and 6

Insert:

Question 4:

Panel 'B' Detail # 2-E3 shows all conduits entering Panel 'B' enclosure. There would not be enough space for this in this existing enclosure. How would you propose conduit termination for this panel.

Answer 4:

There is sufficient space for the conduits to enter the bottom of the Panel 'B' aluminum enclosure and then the conduit can be eliminated and the wires run to a cut-out in the bottom of Panel 'B'. The Electrical Contractor is to supply an aluminum cover to cover the opening between the bottom of the aluminum enclosure to the bottom of the Panel 'B' tub extending across the width of the Panel 'B' aluminum enclosure so that no openings to the RW90 wiring can be seen when the Panel 'B' enclosure door is open. Relocate enclosure receptacle to top of aluminum enclosure.

Question 5:

Detail # 7-E3 shows 316 grade stainless steel cable tray for underside of open sections in new structure 401. Detail # 3-E2 shows conduit in deck of new wharf structure 401. Is the intent to install the 53mm conduit in the deck and install the 103mm conduit under the deck. Please advise which detail to use for conduit work on new structure 401.

Answer 5:

On Detail 7 – Dwg. E3, delete note “New 53mm Ø PVC electrical conduits”. Install conduits as per notes 21, 22 and 23 on Dwg. E3 – Detail 1. This is due to the minimal thickness of the wharf concrete decks.

Question 6:

Derrick numbers DK1, DK2, DK3 and DK4 will require support structures for disconnect switches. Please advise if shroud detail # 3-E3 should be used for derrick disconnect mounting to match existing shrouds.

Answer 6:

Mounting detail for derricks DK1, DK2 and DK4 disconnect switches can be similar to the existing support for derrick DK3 (i.e. 2 – 316 grade stainless steel unistrut fastened to wheel guard c/w 3 unistrut cross braces).

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
