A.1 INTRODUCTION

This is a Tender for a Standing Offer Agreement (SOA). The National Gallery of Canada (NGC) requires a qualified Contractor, with minimum five (5) years’ experience, to provide commercial framing and drywall services, on an **“as and when”** required basis to NGC for its various exhibition galleries.

It is important that the successful Contractor understands that a very high degree of quality workmanship and organization skills will be expected from him/her. Some call-ups have short lead time. Normally, NGC will attempt to let the Contractor know at least 5 days before services are required.

A Standing Offer Agreement (SOA) is an arrangement to provide goods and services at the prearranged prices with set terms and conditions, for specific periods of time on an “as requested” basis.

- a) A Standing Offer is not a contract.
- b) An order against a Standing Offer is a “call-up”.
- c) Each call-up is a separate contract between the Corporation and the Supplier.
- d) A call-up does not involve any negotiations.

A.2 **DEFINITIONS**

A.2.1 In this document the specific **mandatory** requirements of the Proponent are identified by the use of “**shall (M)**”, “**must (M)**”, “**will (M)**”, “**will (M) not**”, “**shall (M) not**” and “**must (M) not**”.

A.2.2 “**Proponent(s)**” means any firm(s), (includes sole proprietorship and joint ventures) submitting a bid to the National Gallery of Canada in response to the RFSO.

Mandatory requirements imposed on the Proponents **must (M)** be met by bid closing deadline.

A.2.3 In the Scope of Work, Section C, the words “**must**”, “**will**” or “**shall**” define the specific mandatory requirements of the Contractor, related to the provision of the services.

A.2.4 “**Contractor**” means the party to the Contract which undertakes, by entering into the Contract, to perform the services and who is to supply goods and services.

Obligations on the Contractor need not be met until the successful Proponent executes (signs) a Contract with the National Gallery of Canada, or as otherwise required by the terms of the Contract.

A.3 **LOCATION OF REQUIREMENT**

The successful Contractor **will (M)** provide these services for the following site:

National Gallery of Canada (NGC)
380 Sussex Drive
Ottawa, Ontario Canada
K1N 9N4

A.4 **PERIOD OF CONTRACT**

A.4.1 The period for this Contract is **November 1, 2018** and **ending October 31, 2020**.

A.4.2 If for any reason the successful Contractor cannot fulfill the requirements of the Contract, the National Gallery of Canada reserves the right to ask the next qualified Proponent to take over the Contract.

A.4.3 **Renewal of contract**

The NGC reserves the right to renew and negotiate the contract for any additional terms consisting of a period of one year up to three (3) years ending no later than October 31, 2023.

Pricing for option years: NGC would request pricing from the selected contractor for the Option Year(s) approximately 5 months (150 days) prior to the end of the contract.

Incumbent contractor would be informed of NGC's intention to renew, or not, within approximately 4 months (120 days) of the end of the contract. The Contractor must acknowledge, in writing, receipt of the notice and its acceptance or rejection of the Contract extension no later than fifteen (15) days after receipt of said notice.

- A.4.4** The Contractor hereby grants to the National Gallery of Canada the option to extend the period of the contract and to require the Contractor to continue to provide the services detailed herein, in accordance with the terms and conditions contained herein.

A.5 **CONTRACT CLAUSES, TERMS AND CONDITIONS OF TENDER**

- A.5.1** The general terms, conditions, instructions, appendices, clauses and all addenda issued as identified in the bid solicitation will form part of the resulting contract.

NGC reserves the right to amend, delete or add to this ITT and all general terms, conditions, instructions, appendices, clauses and all addenda identified in the bid solicitation. Any amendments, deletions or additions will be posted to the Public Services and Procurement Canada (PSPC) Buy and Sell website <https://buyandsell.gc.ca/>. It is the responsibility of Proponents to refer to that website.

- A.5.2** By submitting a bid, the Proponent agrees to be bound by the general terms, conditions, instructions, appendices, clauses and all addenda set out or otherwise incorporated by reference herein. The Proponent is not permitted to amend or delete these requirements, including being amended by the addition of a new provision or conditions. The inclusion by the Proponent of new provisions or conditions that may have the effect of derogating from the original NGC terms and conditions may result in NGC disqualifying the bid.

- A.5.3** NGC reserves the right to ask the next lowest qualified Proponent to take over the Contract in the event that the successful Contractor cannot fulfill the requirements of this Contract for any reason as determined by NGC, including, but not limited to:

- a) The Proponent withdraws or amends all or any part of its proposal at any time after the Tender closing date and time and prior to the Contract award;

- a) That the signatories are acting and responsible jointly and severally;

- c) That giving notice by the National Gallery of Canada to the identified lead member shall act as notice to all parties;
- d) That the National Gallery of Canada may, at its discretion in the event of disputes among joint venture parties or changes in its composition, direct that the contract be terminated, without in any way altering the liability of the original signatories for performance of the terms of the contract; and
- e) Where the National Gallery of Canada has determined that the joint venture lacks sufficient assets to guarantee its contract performance, financial and performance guarantees may be required from each of the joint venture members.

A.9.3 It is a condition precedent to any contract being awarded to a Proponent that the Proponent provides a copy of the signed Joint Venture Agreement (or equivalent document which defines the participant's roles and responsibilities) if the Proponent is bidding as a joint venture (as defined above).

For each of the supervisors/employees, or sub-contractors assigned to work at the NGC, the Contractor **shall (M)** arrange with the Project Officer to have all such personnel security screened at the Reliability Status. The process of granting Reliability Status is undertaken by the NGC's corporate security department. This will include the completion of a consent and authorization form, verifying the applicant's identity and the taking of digital fingerprints to carry out a criminal records check. In some circumstances a credit check may also be required. The NGC reserves the right to disallow any person to carry out work under the Contract on the basis of the results of the security screening process.

NGC may, at its sole discretion, contact Proponent's references, but is under no obligation to do so. The failure of a reference to respond to NGC's enquiries may result in the project for which the reference was provided not being considered by NGC as part of the evaluation. This may result in a deduction of points or non-compliance. It is the responsibility of the Proponent to ensure that its references respond to NGC's enquiries within 3 business days of those enquiries being made and provide information satisfactory to NGC to verify the information provided in the Proponent's bid. Where a reference is not able to verify the information provided in a bid or otherwise states that the information provided in the bid is not accurate, NGC may rely on such information to assess whether the project meets the Project Profile Requirements and Resume Requirements and/or deduct points from the Proponent's score.

- a) The Proponent must ensure that the subcontractors, or persons, proposed in their proposal will be available at the appropriate time to perform the work as required, and will remain available to perform the work in relation to the fulfillment of the requirement. Since the Evaluation is based, in part, on the experience and qualifications of these named entities, substitution of subcontractors will not be accepted.
- b) The criteria specified in this RFSO, as possibly amended by Solicitation Amendments are the sole criteria, which will be used in the evaluation of the proposals.
- c) If the lowest qualified Financial Proposal exceeds NGC's budget for the Project, NGC reserves the right to negotiate with the Proponent of the lowest qualified Financial Proposal and/or cancel the RFSO.
- d) If the Proponent with the lowest qualified Financial Proposal is lower than 75% of NGC's budget for the Project, NGC reserves the right to either:
 - i. Review the scope of work with the Proponent to ensure that there were no errors or omissions in the Proposal of the lowest qualified Financial Proposal; and/or,

B.8.4.4a) The Proponent is bankrupt or where, for whatever reason, its activities are rendered inoperable for an extended period;

SECTION D: EVALUATION AND SELECTION CRITERIA

D.1 EVALUATION COMMITTEE

The Committee will be composed at a minimum of the NGC Project Officer and the Contracting Authority which shall evaluate the proposals. At the NGC's discretion, other qualified individuals could be invited to participate in the evaluation instead of a named representative, or in addition to the named representatives. Decisions as to the degree to which a proposal meets the requirements of this RFSO are within the exclusive judgment of the Evaluation Committee.

The RFSO Evaluation Committee has the right to request clarifications from the Proponent. If clarifications are sought, Proponents will have 2 working days, unless otherwise indicated by the NGC, to provide the necessary information or documentation to the NGC Contracting Authority regarding clarifications. Failure to meet this deadline without the written consent of the NGC **will result (M)** in the proposal being deemed Non-Responsive. This **will (M) not be** an opportunity for Proponents to modify their bid.

D.2 EVALUATION

Proponents are hereby advised that failure to provide all of the information and documentation, to the degree specified in the RFSO and in the format indicated, can result in their Proposal to be either judged non-compliant (as in the case of **Mandatory (M)** items), or result in minimal, or in no points being awarded (as in the case of rated requirements).

The Financial Proposal (Section F) **will (M)** be separated from the Proponent's technical documents of Sections D and G before it is forwarded to the Evaluation Committee for review to ensure an impartial evaluation.

D.3 THE NATIONAL GALLERY OF CANADA'S RIGHTS

NGC reserves the right to:

- D.3.1** Reject any proposal that does not comply with the stated **Mandatory (M)** Requirements to be met by the Proponents.
- D.3.2** Cancel and / or reissue this RFSO at any time; the National Gallery of Canada will not assume liability for any response preparation costs whatsoever.
- D.3.3** Request clarification or supporting data for any point in the proposal.
- D.3.4** Negotiate with the Proponents subject to the constraints of the mandatory requirements of this RFSO.
- D.3.5** The National Gallery of Canada reserves the right to make changes to this RFSO, including substantial changes provided that those changes are issued by way of a Solicitation

Amendment in writing, and is issued prior to the RFSO closing date. The National Gallery of Canada may do so without incurring any liability whatsoever to any of the Proponents.

D.3.6 All materials submitted by a Proponent in response to any part of this RFSO shall become the sole property of the National Gallery of Canada without payment or liability for payment.

D.4 **EVALUATION PROCESS**

Following the bid closing date, a three (3) step bid evaluation process will commence.

Consensus for the purpose of this RFSO is a score deemed appropriate by all members of the evaluation team.

Evaluation Process:

- | | |
|------------|---|
| Step One | Ensuring the Proponent has submitted all mandatory (M) information and documents described in the RFSO (Section A.7) |
| Step Two | Technical Proposal |
| Step Three | Financial Proposal |

Proponents **must (M)** obtain the minimum number of points, as specified in paragraphs D.4.1 to D.4.2, in order to move forward to the next step. Proponents who have succeeded in passing all three steps will then be ranked according to their total points earned. The Proponent with the highest points earned will become the successful Proponent.

D.4.1 **Step One: Mandatory Requirements**

In Step One of the evaluation process, all bids **will be (M)** inspected for their compliance to the **mandatory (M)** requirements as per **Section A.7**. Any bid that fails to meet any of the mandatory requirements of the RFSO **will be (M)** deemed non-responsive and **will not (M)** be considered further.

The RFSO conditions/documents **will not (M)** be amended or deleted in any way, including being amended by the addition of a new provision that may have the effect of derogating from an original mandatory provision. Proponent **must (M)** have an authorized signatory from their firm fill out, sign and return requested Tender documents indicating their full acceptance and compliance with these mandatory conditions.

Proposals that meet all the **Mandatory (M)** requirements will proceed to Step 2.

D.4.2 Step Two: Evaluation of Technical Proposal

D.4.2.1 Experience

Proponents **must (M)** identify three (3) relevant contracts completed within the last three (3) years. Higher scores will be awarded for contracts relevant to the scope of this project. Please supply information in the following format:

1. Project description;
2. A description of the Contractor’s scope of work;
3. Final Contract Value;
4. Provide the name, phone number and email address of a reference that can confirm that the information above is true.

D.4.2.2 Employee Job Safety Training and Development

The safety of the workers, the visitors and of the building occupants is very important to NGC. To this effect, we will assign points for training programs given to your personnel that augment their awareness and the application of safety measures for their personal protection, as well as the protection of others. Considerations will be given for applicable training and employee development such as, but not limited to: safe use of power tools, forklift training, proper lifting training, WHMIS, first-aid/CPR, construction safety training, etc. Proponents **must (M)** provide a list what Job Safety related training is offered to their workers as part of on-going safety awareness and development.

D.4.2.3 Presentation of Bid Submission

Points will be given to each bid for its physical presentation (professionalism, easy to follow, clear and concise information, etc.) and for its content in terms of information appropriateness and completeness.

D.4.2.4 Evaluation Grid

The following Points Calculation Grid shall be used to evaluate proposals.

Rated Requirements		Available Points
D.4.2.1	Experience	60
D.4.2.3	Employee Job Safety Training and Development	10
D.4.2.4	Presentation	5
TOTAL		75

In order to proceed to Step Three of the Evaluation Phase, Evaluation of the Financial Proposal, the Proponent must have achieved a minimum 70% (52 points) of points in Step Two.

D.4.3 Step Three: Evaluation of the Financial Proposal

After successful completion of the Steps One and Two consecutively, the *Financial Proposal* received from the Proponents will be opened and evaluated.

The evaluation of proposals shall be done as follows:

Financial Proposals shall be evaluated based on the lowest total cost compliant proposal being awarded maximum points. Other proposals shall receive a score based on the ratio of the lowest cost proposal to their total cost.

Example (for illustrative purposes only):

Proposal "A" Total Cost = \$300,000

Proposal "B" Total Cost = \$425,000

Proposal A's financial assessment (being the lowest) would receive the highest mark of 30 points.

The score for Proposal "B" would be calculated as follows:

$$\text{Score} = (\text{Total Proposal A} \div \text{Total Proposal B}) \times 30$$

Therefore, the score awarded to Proposal B would be:

$$(\$300,000 \div \$425,000) \times 30 = 21.1 \text{ points}$$

If the candidate passed Step Two the points awarded will be added to the points awarded in Step Three to determine the successful candidate.
