

This addendum is an integral part of the contract documents. All information included in this addendum takes precedence over any previously issued information.

1 SECTION 31 23 11 – CIVIL EXCAVATION AND BACKFILLING

1.1 Paragraph three of item 3.14, "Management of excavation materials", is modified as follows:

- .1 When requested by Parks Canada Agency, surplus excavated materials can be transported **to the Rivière-à-la-Pêche parking area**. The transported materials must be **placed in a pile at the site identified by the** Parks Canada Agency Representative. All surplus excavated materials not used for work are considered to be waste materials and must be disposed of off-site, at the Contractor's expense and in accordance with prevailing regulations. The Contractor shall divide the cost of this work among the items in the bid form.
