AMENDMENT 002

The purpose of this solicitation amendment is to provide answers to questions raised by bidders as follows:

Question 1:

Are there any pictures available for the completed flag or any location where we can have a view it up close? Especially of the rope end (brass end) as it is difficult to see in the specifications.

Answer 1:

Attached are the photos of the Canada Flag. Please take note that although they are taken of a fully compliant flag, the photos may not be representative of the exact colour(s)/sizing, and therefore any sample submitted by the bidder must adhere to the requirement as outlined in the CGSB standard.

A sealed sample of the flag has also been forwarded to the following PWGSC's regional offices. Please contact the regional office to make an appointment and to ensure they have received the sample.

The sealed sample is representative of the required item but is not part of the technical requirement. The sealed sample may not meet the technical requirement in all respects and must be used for guidance only during production. The Canadian General Standards Board (CGSB) Standard CAN/CGSB-98.1-2011 takes precedence.
