GENERAL INFORMATION

1.0 PROJECT SUMMARY

Agriculture & Agri-Food Canada (AAFC), is seeking proposals for Pavilion Design and Fabrication.

AAFC is organizing the Canada Pavilion at Seoul Food & Hotel (SFH), which will be held at KINTEX, Seoul, Korea, May 21-24, 2019. The Canada Pavilion will incorporate displays from a number of Canadian agri-food companies, associations, and federal/provincial departments.

SFH is the largest annual food trade event in Korea. Held in Seoul, the show attracts approximately 55,000 participants from 46 countries. SFH provides participating companies with an opportunity to meet with key importers, distributors and industry buyers from retail, catering and the hospitality trade across the whole of Korea.

In order to ensure the prosperity of the sector, the Canadian agri-business community needs to successfully compete and adapt to the changing needs of domestic and international markets. AAFC's Canada Pavilion Program provides Canadian food exporters with the opportunity to enhance the exposure of their products against international competition by differentiating their products through the use of branding tools and attributes. The Canadian presence at international trade shows, through the Canada Pavilion Program, should highlight the following key attributes: high quality, nature, trustworthiness, and customer focus.

Bids **must** include the following:

Executive Summary: A brief overview of the proposed plan, expectations, and understanding of the project.

Design Concept: Canada's "Brand" is well defined (see Appendix I); as such design proposals for a Canada Pavilion must take full advantage of Canada's international reputation. The bid will include a design layout for a 432 square meters (sq. m) in Hall 3.

The design must be distinctly Canadian (ie: iconic Canadian images/symbols) and stand out from other countries/competitors on the show floor. The design will take advantage of Canada Brand attributes while addressing the target audience's perception of what is distinctly Canadian. The design and layout of the pavilion should be flexible to accommodate changes from year-to-year.

Project Management for Services: Provide a detailed description of the approach, timelines, milestones and resources for each service.

Contingency Plan: Describe any major challenges, constraints or unexpected situations and/or major difficulties that may arise during the course of the project. Propose solutions and approaches to address these.

Summary/Recommendation: Provide any additional information and/or recommendations that are essential to the project.

1.2 With the exception of certain basic site requirements that must be provided or ordered separately, the Contractor will provide a complete turnkey package that includes all goods and services to be detailed in the tender drawings and the specifications described herein (Statement of Work).

1.3 Any components and services not covered or mentioned herein, but obviously necessary to the completion of a fully operational exhibit are to be identified separately in the Contractor's Technical proposal and included in the Financial Proposal.

1.4 In the case of conflict or discrepancies between the Statement of Work and the referenced set of tender drawings provided, the specifications given in the Statement of Work shall prevail.

The notice shall state the cause and circumstances of the delay and indicate the portion of the Work affected by the delay. When requested to do so by the Minister, the Contractor shall deliver a description, in a form satisfactory to the Minister, of work-around plans including alternative sources and any other means that the Contractor will utilize to overcome the delay and endeavour to prevent any further delay. Upon approval in writing by the Minister of the work-around plans, the Contractor shall implement the work around plans and use all reasonable means to recover any time lost as a result of the excusable delay.
- 8.3 Unless the Contractor complies with the notice requirements set forth in the Contract, any delay that might have constituted an excusable delay shall be deemed not to be an excusable delay.
- 8.4 If an excusable delay has continued for thirty (30) days or more, Canada may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the excusable delay. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.
- 8.5 Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any cost incurred by the contractor or any subcontractors or agents as a result of an excusable delay.
- 8.6 If the Contract is terminated under this section, Canada may require the Contractor to deliver to Canada, in the manner and to the extent directed by Canada, any completed parts of the Work not delivered and accepted before the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. - 8.2 L'entrepreneur doit informer le ministre dès que se produit un fait qui entraîne un retard excusable. Il doit préciser, dans son avis, la cause et les circonstances du retard et mentionner la partie du travail qui est touchée. À la demande du ministre, l'entrepreneur fournit une description, sous une forme jugée acceptable par le ministre, des plans de redressement, dans lesquels il mentionne d'autres sources et d'autres moyens qu'il pourrait utiliser pour rattraper le retard et s'efforcer d'en prévenir d'autres. Dès la réception de l'approbation écrite des plans de redressement par le ministre, l'entrepreneur doit mettre ces plans de redressement à exécution et prendre tous les moyens raisonnables pour rattraper le retard excusable.
- 8.3 Si l'entrepreneur ne respecte pas les conditions du marché d'acquisition ayant trait à cet avis, tout retard qui pourrait être excusable n'est pas considéré comme tel.
- 8.4 Après trente (30) jours ou plus de retard excusable, le Canada peut, par avis écrit à l'entrepreneur, résilier le marché d'acquisition. En l'occurrence, les parties conviennent de renoncer à toute réclamation pour dommages, coûts, profits anticipés ou autres pertes découlant de la résiliation ou de l'événement qui a contribué au retard excusable. L'entrepreneur convient de rembourser immédiatement au Canada la portion de toute avance non liquidée à la date de la résiliation.
- 8.5 Sauf si le retard excusable est dû au manquement du Canada de s'acquitter d'une obligation en vertu du marché d'acquisition, le Canada n'est pas responsable des coûts additionnels encourus par l'entrepreneur ou l'un de ses sous-traitants ou mandataires par la suite d'un retard excusable.
- 8.6 Si le marché d'acquisition est résilié en vertu du présent article, le Canada peut exiger que l'entrepreneur lui livre, selon les modalités et dans la mesure prescrites par le Canada, toutes les parties achevées des travaux qui n'ont pas été livrées ni acceptées avant la résiliation, de même que tout ce que l'entrepreneur a acquis ou produit expressément pour l'exécution du marché d'acquisition. Le Canada paie alors à l'entrepreneur :
- a) la valeur, calculée en fonction du prix contractuel, y compris la quote-part du profit ou des honoraires de l'entrepreneur inclus dans le prix contractuel, de toutes les parties des travaux terminées qui sont livrées et acceptées par le Canada;
 - b) le coût de l'entrepreneur que le Canada juge raisonnable en ce qui concerne toute autre chose livrée au Canada et acceptée par le Canada.

9.4 The Contractor shall have no claim for damages, compensation, loss of profit, allowance or otherwise by reason of or directly or indirectly arising out of any action taken or notice given by Canada under the provisions of section GC9 except as expressly provided therein.

9.5 Upon termination of the Contract under section GC9.1, Canada may require the Contractor to deliver and transfer title to Canada, in the manner and to the extent directed by Canada, any finished Work which has not been delivered prior to such termination and any material, goods or Work-in-progress which the Contractor specifically acquired or produced for the fulfilment of the Contract.

9.3 En plus du montant qui lui est payé en vertu de l'article CG9.2, l'entrepreneur a droit au remboursement des frais liés à la résiliation, consécutivement à cet avis, des engagements qu'il a pris et des frais connexes, ainsi que des engagements qu'il a pris ou des obligations qui lui incombent relativement aux travaux.

AAFC is organizing the Canada Pavilion at Seoul Food & Hotel (SFH), which will be held at KINTEX, Seoul, Korea, May 21-24, 2019. The Canada Pavilion will incorporate displays from a number of Canadian agri-food companies, associations, and federal/provincial departments.

SFH is the largest annual food trade event in Korea. Held in Seoul, the show attracts approximately 55,000 participants from 46 countries. SFH provides participating companies with an opportunity to meet with key importers, distributors and industry buyers from retail, catering and the hospitality trade across the whole of Korea.

In order to ensure the prosperity of the sector, the Canadian agri-business community needs to successfully compete and adapt to the changing needs of domestic and international markets. AAFC's Canada Pavilion Program provides Canadian food exporters with the opportunity to enhance the exposure of their products against international competition by differentiating their products through the use of branding tools and attributes. The Canadian presence at international trade shows, through the Canada Pavilion Program, should highlight the following key attributes: high quality, nature, trustworthiness, and customer focus.
