This amendment has been issued to provide and updated parts list for the requirement. Annex A – Requirement and Annex B – Basis of Payment are both deleted and replaced with the following:

**ANNEX A
REQUIREMENT**

(Revised July 20, 2018)

1. Requirement

The Department of National Defence (DND) has a requirement for the establishment of a 2 year Standing Offer, with 2 additional option periods, that will enable the rapid supply of Coleman parts in order to repair our inventory of stoves and lanterns. Delivery will be to various DND locations throughout Western Canada on an “as and when” required basis.

During Major Exercises and/or Domestic Operations, the Supplier must be able to deliver large quantities of product within tight timelines with minimal backorders.

2. Ordering Offices/Delivery Locations

Only the following Offices are authorized to make call-ups against this Standing Offer. All invoices are to be sent to the office which issued the call-up.

3. Delivery

DND will attempt to provide as much notice as possible between a call-up and the delivery date, however there will be times during Exercises when the delivery of certain products is critical. Suppliers must be able to deliver at least 90% of an order within 1 week (7 days) from receiving a call-up. Back orders must be delivered within 2 weeks (14 days) of a call up.

4. Product List and Estimated Usage

All parts must be new, in packaging, and be Original Equipment Manufacturer (OEM) or equivalent. Equivalent products will only be accepted if the requested products are on back order or will not be available in time and the identified user has agreed in advance to the change.
