Amendment #003 is to address a question, to add another Identified User and again change Annex B – Basis of Payment.

Question #1

We are looking for clarification as its titled water quality testing but it appears to encompass air, water and soil as well as hazardous materials....can you clarify? Also are you looking simply for lab analysis services or for sample collection as well?

Answer #1

We are simply looking for lab analysis services.

Air, soil, and hazardous materials material testing are not required to be included.
