1.	Annex A - Statement of Requirement	2.a.2	<p>Please provide specific details concerning the specifications of the camera and the LRF system, etc. in order to give a better price indication of the system.</p> <p>The requirement is defined at pages 8, 9 and 10 of 18.</p> <p>If the contractor can deliver a system that meets the SOR, then any solution is acceptable. It is up to the contractor to identify a system and associated sub-systems that meet the requested capabilities. If the contractor can meet the requirement for target acquisition without a Laser Range Finder or a Camera, that would be fine. The pricing lines at Annex B are only a guide.</p> <p>Refining the specs at this juncture is not necessary or desired. Should the contractor wish to exceed the stated capabilities that should be stated in their reply.</p>
2.	General Information		<p>Is there an electronic web site to open a dialog of questions and answers, or should I have to send you an e-mail?</p> <p>All questions must be e-mailed to the Contracting Authority outlined at articles 11 and 13. The Contracting Authority will post all questions and answers on the buy and sell website, in the form of an amendment.</p>
