Amendment 002 is raised to answer the following questions:

Question 2: Would applicants be expected to complete an application form? If yes, does PS have an application form template drafted already?

Answer 2: Yes, applicants eligible for assessment would be expected to complete an application form during the application support process. Sections 5.4, 5.5.1, 5.6 and 5.10 in the Statement of Work are applicable to the creation of application forms for applicants eligible for assessment. Public Safety does not have an application form template drafted. Section 5.10 of the Statement of Work indicates that base information will be provided by the program authority during the Start-Up Phase.

Question 3: For the Senior Application Assessment Specialists, do you require external references only? Would internal references work?

Answer 3: The Evaluation Criteria section MT. 5 outlines the requirements of references for the Senior Application Specialist. Internal references can validate the mandatory extensive experience. The contractor must be able to validate the reference and may be asked to and supply additional information (e.g. providing an employment record).

Question 4: Paragraph 7.2.3 Intellectual Property Rights – Indicates “4007 (2010-08-16) Canada to Own Intellectual Property Rights in Foreground apply to and form part of the Contract.” Please clarify and elaborate on what Intellectual Property Rights Canada will own.

Answer 4: As stated in Part 2 – Bidder Instructions, sub-section 2.6 Basis for Canada's Ownership of Intellectual Property, Public Safety Canada has determined that any intellectual property rights arising from the performance of the Work under the resulting contract will belong to Canada, for the following reasons, as set out in the [*Policy on Title to Intellectual Property Arising Under Crown Procurement Contracts*](#): the Intellectual Property in Foreground Information consists of material subject to copyright, with the exception of computer software and all documentation pertaining to that software.

All other terms and conditions remain unchanged
